## Little League Opening Day Ceremonies Set

Parade Is Planned  
Big Day Is Tuesday  
As Season Kickoff;

When the Little League opening date, June 7, rolls around, the kids are going to get a big send-off into competition.

The opening day ceremonies will start with a parade from the Court House to the diamond on Oakland Avenue opposite Cherry Hill School. It will be a real parade, too, with all the fixings, including the WBS band, city officials, and in full uniform, the Little Leaguers themselves.

When the parade arrives at the field, the flagpole in center field will be dedicated. It is the gift of the Air Force Association, a veterans' organization formed here shortly after the war. A plaque on the pole will dedicate it in memory of the men who lost their lives in the service of their country.

The opener will begin after City Manager James F. Parkinson throws out the ball to open the season officially.

The first game will pit the Record-Herald Flashes against the Coca-Cola Jets. The managers of all four teams drew lots and the winners' teams are the ones to play next Tuesday.

Incidentally, that opening date—Tuesday—is a change from previous plans. Members of the League board voted to set back the first game one day from the originally planned Monday at their meeting here yesterday.

**OTHER BUSINESS** of the board meeting included a vote to buy uniforms for the expected 60 boys who will make up the four minor-league teams. The board plans definitely to buy T-shirts and caps for all the minor-leaguers. If the board can purchase trousers "at a good price," George Finley said, it will buy them too.

The uniforms won't be as fancy as the ones provided for the boys in the majors, Finley added, but the board will furnish outfits for the youngsters in the minors.

## Warmer Weather Expected In June

WASHINGTON (AP)—The Weather Bureau predicts it will be warmer than usual for the season in the eastern half of the nation this month.

The bureau's 30-day outlook: "Precipitation is expected to exceed normal over a broad area extending from the southern plateau through the Central Plains to the Great Lakes region. Subnormal amounts are indicated along the West Coast and in the southeast. In unspecified areas near normal amounts are in prospect."

## Meanderings

By Wash Fayette

I suppose half the people in this old World, at one time or another, have fancied themselves as actors or actresses. Fabulous salaries paid movie and TV performers haven't lessened the fancy, either. So, a group of amateur thespians in the making at Greenfield may be just the answer to many a dream.

The Village Playmakers, as the group calls itself, are in the final stages of rehearsal for "Ladies in Retirement."

The mystery drama, with its English 1885 setting, promises to be a colorful show. It ran nearly two years on Broadway.

The curtain is to rise on "Ladies in Retirement" in Greenfield's McClain High School auditorium at 8:15 P. M. on June 10.

The publicity department of the Village Players—and what would a theater production be without a publicity department—says "a long search for the appropriate cast resulted in several counties being represented. Because of this, considerable interest has been shown in various towns and villages and may force other showings around the vicinity."

The publicity piece also extends an invitation "to anyone in Washington C. H. who is interested in becoming a member of Village Playmakers may call Mrs. Alice Jo Duckworth, the director, or Lew Smith, the secretary, at Greenfield."

HEDY LAMARR is shown undergoing a lie detector test in Houston, Tex., in connection with mysterious disappearance of \$50,000 worth of jewelry from her husband W. Howard Lee in their River Oaks home. The jewelry includes her \$20,500 engagement ring. Due to her nervousness, test was inconclusive. (International)

## Law Partnership Formed By Maddox and Hire

Ray Maddox and Charles S. Hire, who have fought many a bitter legal battle in the courtroom, have formed a law partnership of Maddox and Hire.

The announcement, made jointly by the two attorneys, came as somewhat of a surprise.

Although Maddox is convalescing now from an operation, it was made plain that the partnership was not an indication of his retirement from the practice of law.

The new firm's offices will be on the second floor of the First National Bank Building, but it will be about a month before they are ready for occupancy because they are now being redecorated and remodeled.

The offices have been extended from Maddox's offices to take in the adjoining rooms.

Hire said he hoped to move from his office on the second floor above the Murphy Store later this month. John Bath, the county prosecutor who has had his law office with Hire, is to be an associate of the new firm and also will move into the new firm's enlarged offices in the First National Bank Building.

MADDOX, a native of Milledgeville, has spent most of his life in Washington C. H. in the practice of his profession.

He is a lawyer of the old school, for his background in the legal profession, he "read law" in the office of his father, Tom Maddox, one of the leading attorneys of his day here. After four years of study—a sort of on-the-job schooling, as it is known today—he took the state Bar examination and passed it with flying colors.

It was in 1916 that he became a member of the Bar and he started into practice with his father. This law firm of Maddox and Maddox continued until the death of his father in 1939.

Hire, a farm boy from Highland County who was graduated from high school in Greenfield, took his pre-law courses at Ohio State University and was graduated from the College of Law of the University of Cincinnati in June of 1932. In August of that year, he was admitted to the Bar and came to Washington C. H. to start practice

with the late N. P. Clyburn, one of the city's prominent attorneys.

Six years later, he started practice on his own in the offices he has occupied ever since. During the second World War, he closed the door, however, while he spent two years in the army.

ALTHOUGH BOTH Maddox and Hire are among the leading trial lawyers here now, they made it plain that the new firm would go into the general practice of law, just as the partners had as individuals in the past. They both hold the belief that this is not the type of community for specialization.

Maddox and Hire have something besides their interest in law in common—politics. Both are staunch Republicans and both have been actively interested in party affairs. Maddox is a past chairman of the county Republican committee and Hire is a member of the committee now.

Bath, who is to be associated with the new firm, took his pre-law course at Auburn College and his degree in law from the University of Cincinnati. After his discharge from the army after the second World War came here in 1950 from his home in Wilmington to enter the practice of his profession.

4 Children Die In Home Blaze

AKRON (AP)—Four children died early today in a fire at their home seven miles south of here.

Judy and Joyce Frederick, 6-year-old twins, were overcome with smoke and perished while their father, Kenneth, frantically smashed a casement window of their downstairs bedroom and then was unable to rescue them.

Dennis Frederick, 8, and his brother, James, 11, died in their upstairs bedroom.

## Both Sides See Victory In Race Decision

Supreme Court's Stand On School Segregation Studied By Officials

By The Associated Press  
"Taking local conditions into account" seems to be the key phrase on which both sides of the public school segregation issue are hanging their hopes.

The U. S. Supreme Court yesterday afternoon ruled that public school segregation must end as soon as "practicable."

And the high court said lower courts should see to it that school authorities "make a prompt and reasonable start" toward complying with its findings of last year that segregation is unconstitutional.

In Hillsboro, Ohio, one of the few places north of the Mason-Dixon Line where segregated schools have been operated, school Supt. Paul Upp says the Supreme Court's ruling is "exactly what we have been trying to do here."

Thirty Negro children remained away from school all year in Hillsboro in a dispute over where they should attend classes.

**SCHOOL OFFICIALS** cited overcrowding as one reason for not being able to accommodate the Negro children in Webster and Washington schools. They were directed to attend classes at the all-Negro Lincoln School, pending completion of a school-building program.

The dispute was taken to federal court, which declined to rule pending the Supreme Court ruling.

That ruling opened a back door for opponents by turning the problem over to lower federal courts and by saying local conditions should be taken into account.

Georgia leaders, who are counted among the nation's strongest opponents of integration in public schools, stood pat on their vow not to mix white and Negro students in classrooms.

"Taking local conditions into account," they said, "could result in many years of litigation."

An opposite view came from Mrs. Ruby Hurley of Birmingham, Ala., regional secretary of the National Assn. for the Advancement of Colored People.

"Apparently the court expects compliance in all the states which have laws governing segregation in public education," she said. "It also expects the lower courts to see that compliance is carried out in good faith."

## Religious Fanatic Blamed For Slaying Of 3 In Dayton

DAYTON (AP)—"The Lord told me that banks and their presidents were the adversaries of God."

That statement, babbled by dying Richard Meyers, was one of the few clues police had today as they sought to determine why the 47-year-old man shot and killed three persons and critically wounded two others in two centrally located Dayton banks.

Meyers, whom police called a "religious fanatic," walked into the Third National Bank about 10 a. m. yesterday and began spraying bullets around with a 9 mm.

foreign-made pistol. He then sprinted next door to the Winters Bank, where he wounded a guard and a bank executive before three policemen cut him down in a hail of bullets.

Eight slugs were found in his body. He died almost three hours later as he babbled incoherent, religious-sounding phrases.

**THE TOLL** of dead and wounded, left as an aftermath of Meyers' midmorning shooting spree, looked like this:

Dead were: George Sawaya, 60, operator of a local grocery chain; Mrs. Freda Cramer, 31, a bank secretary; and Joseph Gavin, 45, publicity director for WHIO radio and television stations here and a former University of Dayton football coach.

The wounded: Wilfred M. Sherman, 54, a vice president at Third National, shot in the chest; R. H. Kastner, 59, assistant vice president at the Winters Bank, shot in the chest; and Mrs. Helen Burks, 48, a bank customer, shot in the stomach.

Two others, wounded but not seriously, were William L. Clark, 76, shot in the arm, and John Thein, 72, a Winters bank guard, grazed on the face by a bullet.

Detectives questioning Meyers at the hospital quoted him as saying, "I received a message from God on Dec. 23."

As a sample of Meyers' incoherent babbling, they quoted him as saying:

"I require that which is in You, the very best application of the things I have in you, to annihilate the forces of iniquity. I ask you to do battle for me."

## Release of More Americans By Red China Is Now Sought

By The Associated Press

Even while four American fliers, freed from Red Chinese prisons, were winging their way to Hawaii, both United Nations and United States officials were renewing efforts to gain release of 11 other Yankee aviators.

U. N. Secretary General Dag Hammarskjöld renewed his efforts through diplomatic channels. He sent a new message to Communist Chinese Premier Chou En-lai on behalf of the 11 still imprisoned.

He also conferred with various U. N. delegates and explored possible diplomatic means to gain their release.

The atmosphere of the U. N. was

optimistic. Diplomats expressed belief that Chou would release the other fliers soon.

In Washington, House Republican Leader Martin (Mass) said after a conference with President Eisenhower today that the government is "still pressing" for release of more of the Americans.

Martin and Senate Minority Leader Knowland (Calif) both expressed satisfaction that four U. S. airmen have been set free.

**THE AIRMEN**, released after more than two years in Communist China, were shot down in the Korean War. They are Capt. Harold Fischer Jr., 28, Swea City, Iowa; Lt. Lyle Cameron, Lincoln,

Neb.; Lt. Col. Edwin Heller, 36, Wynnewood, Pa.; and Lt. Roland W. Parks, 24, Omaha.

The fliers hailed their freedom in Hong Kong with a shout of "It's wonderful," and climbed aboard Gen. Douglas MacArthur's former personal plane Bataan.

They switched to Western-style meals, after more than two years of Chinese food, with zest. The Bataan is equipped with cooking facilities and thick steaks.

**The Bataan set down on Guam before dawn. The airmen rested two hours at Andersen Air Force Base, then pitched into a meal of fresh fruits, scrambled eggs, toast with marmalade and milk.**

More fresh food was put aboard at Guam and the plane left for Wake.

The fliers ate dinner last night on Wake in a stop of about two hours. An Air Force spokesman said the meal was "plain but wholesome."

The spokesman said there would be no formal interviews on arrival in Hawaii but a news conference would be held tonight with "no strings attached."

The four were captured between September 1952 and January 1953. They were convicted of "intruding" into Manchuria in "wanton invasion of Chinese territory." The Peiping radio said they had been convicted by a military court May 24 and ordered deported. It said their confessions and "remorse" were taken into consideration in releasing them.

U. S. authorities say the four were shot down over North Korea. But they pointed out that U. S. planes crippled in battles near the border might have drifted into Chinese territory.

## Dick Haymes Deportation Is Ruled Out

WASHINGTON (AP)—A federal judge has ruled that singer Dick Haymes can't be deported because of a trip he made to Hawaii.

Dist. Judge Burnita S. Matthews yesterday rejected an immigration service contention that Haymes, a native Argentinian ineligible for American citizenship, subjected himself to deportation in the spring of 1953 when he returned to the mainland. He had gone to Hawaii to fill a singing date and to be with actress Rita Hayworth, whom he later married.

A deportation order was issued against Haymes last November on grounds his re-entry into the United States constituted return from "a foreign port or place or from an outlying possession."

But Judge Matthews, who acted on Haymes' appeal from that order, said Hawaii "is a geographical part of the United States." Thus, she held that the singer never left the country and is not deportable. The judge said the phrase "outlying possession" as used in the law means only American Samoa and Swains Islands, one of the American Samoa group in the southwest Pacific.

The government can appeal Judge Matthews' decision.

Haymes told reporters in Beverly Hills, Calif., he was "so relieved and so happy" and "very grateful to the court."

## Auto Industry Solid Front Hinted Broken

Strike Next Monday Confronting Firm If Negotiations Bog Down

DETROIT (AP)—The Ford Motor Co. was reported today to be ready to talk about a union-demanded guaranteed annual wage as the union extended its Ford contract to next Monday morning to provide more time for negotiations.

John S. Bugas, Ford's vice president for industrial relations, declined to brand as untrue the reports published in Detroit newspapers as he entered crucial negotiations with a walkout of Ford's 140,000 employees hanging in the balance.

The session was delayed an hour when the CIO United Auto Workers asked for more time to consider new concessions offered by Ford.

"I'd rather not comment," Bugas replied when asked about the reports that Ford had broken the solid auto industry stand against UAW's year-around pay plan.

One Detroit paper said it was informed that Ford had indicated it might grant jobless payments to laid-off workers supplementing state unemployment compensation. This idea is considered one of the key points to the UAW plan.

The Detroit Times said Ford has "reportedly announced its willingness to bargain on the principle of the guaranteed annual wage."

The Times said the company's "latest offer" to the UAW in contract talks "at least" paralleled the union proposal though falling short of UAW actual demands.

**"FORD'S REVEAL** from its previously adamant stand xxx apparently gave Reuther (UAW President Walter Reuther) the wedge he was seeking," the paper said.

There was no immediate comment from the company or union on the Times story.

At least a partial work stoppage loomed this afternoon at Ford's huge Rouge plant. A mass meeting called by Local 600, the union's largest single unit, to discuss progress in the negotiations was expected to delay second shift workers in reaching their jobs.

Apparently forgotten in the intensive bargaining was the UAW proposal that Ford and the union submit their rival plans to the company's 140,000 workers so they could make a choice binding on the negotiators.

The heat was on Ford. Separate talks between the union and General Motors Corp. have been idling along with expectations that any agreement worked out with Ford would become a pattern for GM and the rest of the auto industry. GM's contract expires June 7.

Last night, the CIO International Union of Electrical Workers said its 30,000 members at General Motors are prepared to strike with the auto workers.

Ford and the UAW yesterday clamped a 24-hour lid on any disclosure of developments in their negotiations, and this was apparently extended by the union.

Reuther messaged Detroit's civic leaders last night that a meeting he had scheduled for tonight to inform them on the status of the bargaining situation had been indefinitely postponed because of the "oratorium."

But Reuther did not publicly at least to stop the Local 600 meeting this afternoon. The whole situation boiled toward a possible shutdown at Ford tonight but there was a chance the union would postpone any strike if it considered the negotiations were progressing.

## Coal Pipeline Contract Signed

PITTSBURGH (AP)—Plans are virtually complete to build a 108-mile coal pipeline from a mine in Ohio to a utility in Cleveland.

The coal will be cleaned and pressed into small pieces. Then, mixed with water, it will be poured into the pipeline. Pumping stations along the way will keep it moving. At the receiving end the mixture will be "dewatered" and the coal stored for use.

Pittsburgh Consolidation Coal Co. and the Cleveland Electric Illuminating Co. have entered into a contract for the delivery of about 18 million tons of coal over a 15-year period.

## BPW Club Here Wins Top Award

### 17 From County At State Convention

The Business and Professional Women's Club here has a sizeable feather in its cap today.

When the 17 Fayette County women who attended the state convention in Dayton returned home, they brought with them the first place award in a competition for publicity scrapbooks.

The club, like all others in the state, kept a scrapbook of clippings from newspapers and notes on other publicity received during the past year.

The local group's scrapbook was judged by a committee of BPW officers and was named top in its class — which included books from all Ohio clubs from cities of 5,000 to 50,000 population.

Head of the scrapbook committee was Mrs. Lowell Miller and the other members included Miss Norma Dodd, Miss Elizabeth Horney, Mrs. Wilbur Morgan, Mrs. Gladys Ramey, Mrs. June Ramey, Miss Drucilla Rogers, Mrs. Fred Shoop, Miss Adelaide Wiggington and Mrs. Madge Winter.

**DELEGATES AND** alternates from here who attended the three-day convention, held over the Memorial day weekend at the Hotel Biltmore in Dayton, were Mrs. Howard Delinger, Mrs. Smith Mace, Miss Mary Frances Snider, Miss Marie Melvin and Mrs. Faith Pearce.

Mrs. Fern Chaffin, Miss Norma Dodd, Mrs. Frank Hyer, Mrs. Leila M. Smith, Mrs. O. M. Montgomery, Mrs. William Rogers, Miss Mary Sauer, Miss Ruth Sexton, Miss Frances White, Mrs. Wilbur S. Wilson, Miss Edith J. Wilson and Miss Mary Jo Cullen.

The convention opened Friday afternoon with greetings from the Xenia club, the hostess group, and with the business meeting. On Saturday, the day when the club here won its first place award in the scrapbook competition, members of all the Ohio clubs voted for officers.

A banquet brought Saturday evening's activities to a close. Following devotions Sunday morning, the new state officers were announced by the elections committee.

Miss Helen Reisinger of Cincinnati is the new state president. Mrs. Dorothy Flechtner of Findlay was elected first vice president and Mrs. Lucille Cowan of Xenia, second vice president.

After a luncheon Sunday afternoon, the convention adjourned, sending home the women from here with their award clutched tightly.

held Tuesday evening at the High School diamond on Circle Avenue, with about 60 boys showing up to prove their skill. Another crowd of kids is expected to turn out at 6 P. M. Wednesday evening, too, when a second tryout session will be held for would-be members of the minors.

The youngsters who have made the major league are getting their physical examinations Wednesday and Thursday at the offices of four doctors who are members of Rotary, the sponsoring club. Each of the four, Dr. Frank King, Dr. Robert Woodmansee, Dr. James Rose and Dr. J. H. Persinger, will examine the members of one team. Friday will be meeting day for all these major-leaguers. All are asked to turn up at Wilson Field with their mothers. The League board hopes to form a Mothers' Association to help run the concession stand and to pass the hat at games.

The meeting of mothers and youngsters is slated for 6 P. M. Friday.

## Ohio's Narcotic Problem Is Told To Rotarians

K. E. Krouse, Assistant To Atty. Gen. O'Neil Is Tuesday Speaker

Facts about the illegal narcotic problem in Ohio, most of which they had not known previously, were presented to Rotarians and guests at Tuesday's luncheon meeting at the Country Club.

The speaker was Kenneth E. Krouse, administrative assistant to Attorney General C. William O'Neil. He was presented by the day's program chairman, Howard D. Fogle.

KROUSE, WHO with several other members of O'Neil's staff has been making a two years' study of this question, preparatory to the recommendation of a bill now pending in the Ohio General Assembly to strengthen Ohio laws to combat this evil, gave his hearers some astounding facts.

He said that there are over 15,000 addicts in Ohio today, five men to every one woman; that over 4,000 arrests in connection with narcotics had been made in this state in the last eight years, with 231 known deaths due to illicit narcotics within that period.

Today \$1,500 worth of raw heroin purchased in Sicily, or a like amount paid to sellers of similar drugs in China, is worth over \$1,000,000 when sold to narcotic victims and peddlers in the city of Cleveland, the speaker related.

The average addict, he asserted, will spend from \$10 to as much as \$30 a day, when he or she reaches the agonized craving stage and will do anything to obtain the money for more drugs of this nature.

Approximately \$75,000,000 is now being spent in Ohio every year for illegal narcotics. The huge profit to those who illicitly deal in these drugs makes them willing to take big chances, not only in making sales but also in ruining the lives of many people.

HOWEVER, KROUSE said, the addicts are not the big problem. The fact that Ohio has been easier on the illegal narcotic dealer than any surrounding state and than in most states if the country, has made this an "island" state which was an easy invitation for unlawful narcotic sales. The young people who are making use of narcotics has reached an alarming stage.

The new law now being pushed through the Ohio General Assembly not only raises the penalties for illegal sales, but also is reported to be making a model approach to this whole problem.

The growth of the illegal narcotic business among the younger people, is proving one of Ohio's

great headaches for authorities, the speaker declared. There is great need to impress all residents of the state with the importance of warning and educating young people against taking the first step, which usually leads to the downfall of many.

Once a confirmed user of these drugs, the victim will be easy prey for peddlers and others back of them, to be persuaded to go out and get several other five or six young people to start such drug use of "a thrill" or in some social way, in order to obtain money to buy their own supplies.

Many times teen-agers get a start in the narcotic habit by being persuaded to smoke a marijuana cigarette, just for the fun of trying it.

THE EMOTIONAL instability of those who become users of illegal narcotics, is a pathetic sight, Krouse said. He cited an example of what befell a young Ohio girl of fine background and good family, whom he invited to note her condition, while gathering material in the study of this problem for the proposed new Ohio law. His description of this 23 year old girl's plight was startling in its realism.

The speaker held his hearers in closest attention during his informative talk and when he concluded President Finley thanked him for bringing to the club this story of one of our state's worst social problems.

DURING THE preliminary business before the club birthday greetings were sung for Ray Brandenburg and W. A. Smith who contributed to the youth fund.

In the absence of William Clift, the club's musical director, Belford Carpenter was called upon to lead the singing. In doing, he introduced a couple of surprise innovations whereby some club members were placed in the spotlight.

The only visiting Rotarians at this meeting was Thomas Bahl of Fullerton, California. Other guests were Edward Bahl, of Dayton, brought by his Rotarian brother and Rollo Marchant, guest of Edmond Woodmansee.

### Bender Takes Poll On Formosa Policy

WASHINGTON (AP)—Sen. Bender (R-Ohio) says a poll he took among Ohioans showed them "overwhelmingly" in favor of defending Formosa and using of atomic weapons is needed.

Bender said the vote was 32,484 to 6,785 in favor of Formosan defense; 27,825 to 7,715 in favor of defending Quemoy and Matsu, and 24,660 to 8,327 in favor of using atomic weapons. Bender said the poll was taken among registered Ohio voters.

## Dangerous Opposition To Military Reserve

More people are concerned seriously over recent action by the House in Congress in its vote to sidetrack the proposed national military reserve bill than the average person thinks.

There has been some rather bitter debates on this subject which has led to much general discussion over the country and to some conclusions which may not be formed on a sound basis.

Except for professional soldiers and the relatively few civilians who make soldiering a hobby nobody in this country cares much for military service. Therefore the reserve bill is not a popular measure, as the debate made clear. It came in for plenty of criticism from its opponents.

However nothing that has been said refuted the soundness of this military reserve plan's fundamental purpose. That is to establish behind the limited regular forces a reserve of civilians trained and assigned to specific tasks, ready in fact as well as in name to come instantly to the defense of the country in case of war.

Theoretically we have such a reserve; actually most of it is on paper. That is because there is at present no way to make men perform active duties with the reserve as the law stipulates. Relatively few do so voluntarily.

The reserve bill aims to enforce that

performance of duty. It attempts also to equalize the burden, as far as is consistent with efficiency, so that every individual performs his fair share. If, in practice, it is found that there are inequalities or that the bill does not operate as expected, it can be corrected by amendment.

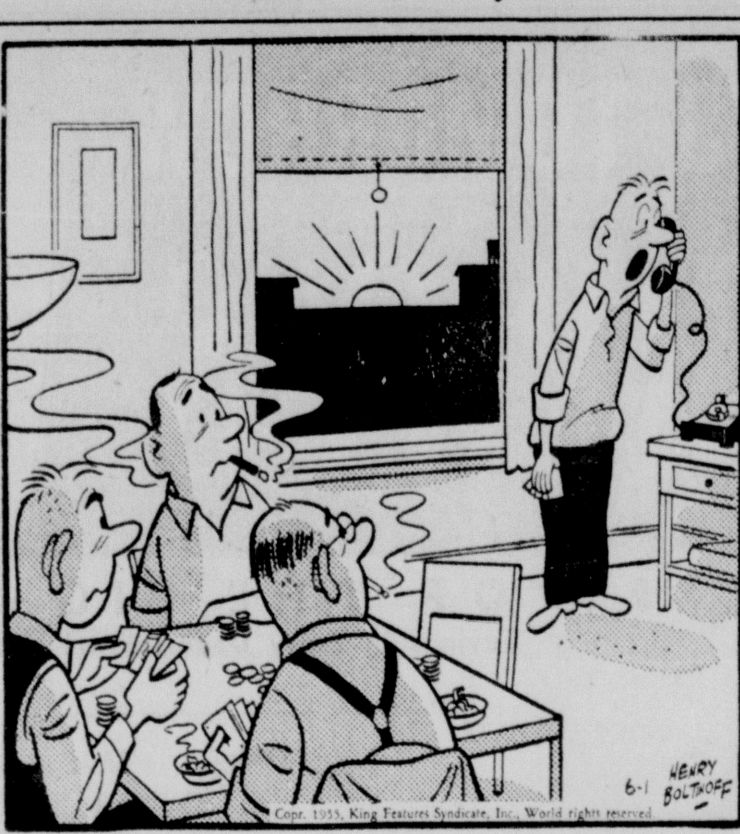

At this time we are reported to be facing the prospect of a Big Four conference which the Russians will attend. It is significant that the Russians have made no move to reduce their forces.

The Russians are not relieving their young men of any of their military obligations.

President Eisenhower has emphasized how failure to maintain our armed forces would weaken our position at the conference table. We should not be so naive as to believe anything but that the Russians are watching what Americans are doing.

We suspect that its opponents greatly overestimate the public objection to this military measure. In so far as it will clarify the military obligation it should be welcomed by the many young men who now are kept in suspense over when and how their duties are to be performed. And surely the vast majority of the public would approve if they realized how helpless this country would be without a ready reserve in time of grave emergency.

Tooth Decay Is Less Among Gum Chewers

By HERMAN N. BUNDESEN

Like to chew gum? Well, go ahead. A recent experiment made by two dental professors showed that gum-chewing slowed down acid formation in the mouth enough to prevent serious tooth decay.

Drs. A. A. Yurkstas and William Emerson, both of Tufts College Dental School, reported findings to a recent meeting of the International Association for Dental Research in Chicago. Volunteers in the experiment, they explained, rinsed their mouths with a sugary solution which simulated effects of eating sweet dessert. Some of the volunteers then munched a stick of gum; the rest did not.

### Results of the Report

The results proved that the gum chewers had the advantage. In comparing them with the non-chewers, Drs. Yurkstas and Em-

erson say, the acid formation in the film over their teeth was slowed down 36 percent. Acid concentration reached the "critical level of decalcification 50 times among non-chewers and only 14 times among the gum munchers," according to the doctor's report.

The reason for this is fairly simple. Gum-chewing stimulates the flow of saliva. This helps clear the mouth of sugar which produces acid.

There is overwhelming evidence that sugars help to cause tooth decay, the researchers say, but add that all foods with a sugar content are not necessarily dangerous to the teeth.

### Low Sugar Content

In other words, it's the sugar that sticks to your teeth that hurts you, not the sugar you swallow.

All chewing gums, of course, do not behave in exactly the same way. Some have lower sugar content themselves and others stimulate saliva more rapidly. Of the three gums tested, the doctors said, one was 50 to 75 per cent more effective in slowing acid formation than the other two.

### QUESTION AND ANSWER

M. H. W.: What is the cause of a nervous stomach and what can be done for it? X-rays show no organic trouble.

Answer: Nervous indigestion is due to the incorrect action of the stomach.

The treatment for nervous indigestion may include changing certain habits. Worry and overwork must be eliminated; the diet must be simple. In severe cases prolonged rest in bed may be necessary.

## Ohio Loses Vast Part Of Cropland

COLUMBUS (AP)—T. C. Kennard, Ohio conservationist for the U. S. Soil Conservation Service, says Ohio has almost a million acres less of cultivatable land this year than in 1942.

That was determined in a survey made in each Ohio county by service personnel who assisted conservation districts in solving some of their soil and water problems.

He said this loss in acreage has not come about as the result of erosion but by a switch in land use from agricultural to non-agricultural purposes.

## Air Freighter Falls, 7 Killed

ALAMOGORDO, N. M. (AP)—A twin-engine Air Force C47, its engines apparently stalled over the rugged Sacramento Mountains, crashed and burned Monday in La Luz Canyon, killing the seven men aboard.

The plane had taken off from Holloman Air Force Base 15 minutes earlier after refueling and picking up freight on the last leg of its journey home to Clovis Air Force Base, N. M. It was on a return trip from Burbank, Calif. The crash scene was 15 to 20 miles north of here.

### Associated Press News Analyst

WASHINGTON (AP)—It will be years before racial segregation in public schools is wiped out everywhere in this country—in spite of the Supreme Court's order to end it—and then probably only after a lot of court fights.

The rate at which segregation disappears depends upon the co-operation or defiance of individual states with the high court's decision.

Officials in five places—the District of Columbia, Virginia, Delaware, South Carolina and Kansas—were told by the court they would have to begin promptly to work out a plan for abolishing segregated schools.

But authorities in all other segregated states can try any dodge they can think of to get around the court's ruling.

On May 17, 1954, the court ruled on an appeal by Negroes who protested against segregation in the District and the four states mentioned above. The court said public school segregation is unconstitutional and had to stop. But it did not say how and when.

The court then asked all the states with segregation to chew over the problem and appear later with suggestions for wiping out their double school systems.

In April the nine justices listened to attorneys for the Negroes, attorneys for the segregated states, and U. S. Solicitor General Simon E. Sobeloff, who represented the Justice Department.

The Negroes asked for an end to all segregation no later than September 1956. Generally, the states asked the court not to fix a deadline. Rather, they said, the court should let federal district

judges work out the problem with officials in their states and local communities.

Sobeloff also suggested federal district judges be allowed to handle desegregation with the authorities within their jurisdiction. The idea behind this was that different communities have different problems.

The Supreme Court gave its decision Tuesday. It did not say precisely how or when segregation should be ended.

The court, addressing itself to the Supreme Court of Delaware and the district judges whose jurisdiction covered the other four original defendants, told them to require the authorities in their area to make a "prompt and reasonable" start toward ending segregation. It said a reasonable time could be allowed for carrying out

the desegregation plans. The federal judges outside those five areas were not told by the Supreme Court to require any action by the authorities in their territory. One of the best informed lawyers in the government said this could happen:

The judges don't have to do anything unless Negroes appeal to them to carry out the Supreme Court's order against segregation. Once that starts, if the local authorities protest, a court fight begins.

How many such fights are possible? No one can say. In the end the states will lose because the court Tuesday said that any state or local laws which conflict with its ruling are unconstitutional.

## Initiative Given Reward

By Hal Boyle

NEW YORK (AP)—Everybody complains about juvenile delinquency in America. But who is doing anything to reward earnest teen-age kids who do face up?

Industrialist W. W. Sebald of Middletown, Ohio, fell to brooding over this a year ago.

"I got tired of hearing about nothing but delinquent kids," he said. "We are living in flush times, and I think children are too used to taking money from their parents. Two few are developing their own initiative and earning their own way."

"But it isn't enough merely to complain. We need to put a focus of attention on the kids who go out and do things for themselves."

Sebald, president of the Armco Steel Co., found his own answer in a series of "self-reliance awards" for high school seniors. Helped by the Junior Chambers of Commerce, he has handed out \$3,000 from his own

pocket in prize money to some 20 students "for doing the most they can with the best they have."

The prizes range from \$50 to \$400, and they have uncovered heartening evidence of hundreds of teen-age boys and girls working hard against all kinds of handicaps to win achievement.

"We were rather surprised at the amount of self-reliance we did find," admitted Sebald, who is now ready to dig deeper into his pocket to help the idea of the contests spread to other towns.

Examples: One youngster was working 97 hours a week, and still attending school. An honor student had borrowed money to buy a farm for his father. A girl was paying all her expenses in school by holding three outside jobs at the same time. A boy, also working his way through school,

still managed to contribute 10 per cent of his earnings to the church he attended.

The \$400 prize winner in Middletown this year, Willie Napoleon Clements, a Negro youth, worked 52 hours a week at three jobs. He delivered newspapers, worked in a wholesale produce house and clerked in a grocery store. Yet he also played on the high school football and track teams, took part in school plays, was active in his church, and was elected to the National Honor Society.

Sebald himself is a self-made man. Starting as a \$30 a month office boy with the steel company 49 years ago, he worked up through the ranks to his present post, which last year paid him \$245,000.

During his own high school career he drove a laundry wagon during the day, played in a dance band at night.

## March Of Progress With Science

By George Sokolsky

Truly this is a wonderful age and if one lives long enough he will see everything. It is not only the Atom and Hydrogen bombs that stir the imagination, but I received a notice of a "hair center" serviced by men. I thought that all barbers were men and by their voices and their conversation and similar overt indications, I never doubted it. And since infancy, a barber shop has been a pleasant enough place to go, but maybe in these modern times, we shall call them "hair centers."

Artchil Gourieli, who is actually opening this "hair center — serviced by men," says that his is the first of its kind. Never having heard a barber shop called a "hair center" before, I realized that here indeed was something new like the "Nautilus" or the Salk vaccine or co-existence, which are still indications that human ingenuity never ceases and that still greater wonders are in the offing.

Anyhow, this "hair center" will provide skin and scalp treatment to make men good looking which is a response to the age of glamour. Even candidates for the presidency must henceforth be glamorously photogenic to please their television audiences. No longer is a man to puff out his hairy chest to prove his manhood in the manner of Hemingway or to show the enormity of his muscles like a statuesque Brown. Rather his face is to be shadowed like a Miami Zoroastrian or dulled to avoid glare in the camera. In this way he is not only to be good-looking but also comfortable.

It is also said that young-looking men have the widest opportunities for professional success, which shows how ignorant most of us are, because it used to be said that to succeed one had to know something, work hard, be thrifty and even honest. Surely neither Abraham Lincoln nor Albert Einstein were very good-looking or even young-looking, but they both were successful, each after his fashion. In fact, many of the most successful men that ever lived cared little about whether each hair lay upon the scalp dome as though it were shellacked. Of course, men

might imitate the teen-agers and wear a horse's tail or revert to the older Chinese custom of braiding their hair into a pig's tail.

They have a job in this progressive barber shop which they call a contour hair-cut. I do not quite know why that is different from any other hair-cut because when the barber clips the hair, he must follow some kind of a contour, for the simple reason that the hair is on the head which is more or less like the side of a hill, except for those who have flat heads and they are very few in these parts. The style called a "crew cut" does make fine-looking boys resemble German military officers who in World War I were supposed to have flat heads, particularly when we were conducting a universal propaganda against them. Now that our own sons have copied their hair-cut, we approve, which shows how public opinion can change with the shift of the wind on this or any other subject.

I also note that a complete color range is carried for old-looking and graying heads. This is the last word in human progress. We no longer have any gray beards because we do not

have beards. Now we are not to have distinguished-looking men whose silvery hair gives the appearance, if not the substance, of wisdom and experience. Every man will color his hair perhaps to match his wife's. By using dyes out of the same batch, unity will be restored in the household and thus will be solved some of our most serious problems, such as the high divorce rate, broken homes and juvenile delinquency. In fact, the press agent who sent me the account of this new wonder says that "the accuracy of color matching is fantastic," as it well might be. With industry and commerce cutting off men in their prime by retiring those who have the greatest experience in favor of those who have the least, it will now be possible for the aged to become juvenile by having their hair properly dyed—perhaps a platinum blond. Sclerosis and senility will thus be denied their victims.

One thing is missing in this great advance of the human race. Nothing is said about the painting the finger nails according to one's politics—blue for Republicans, pink for the Democrats, and a deep maroon for those who do not know better.

## "Mary Haworth's Mail"

DEAR MARY HAWORTH: Three years ago I met a young Army officer who was stationed in the East. We dated throughout the first summer we met, but then it was college for me, and overseas service for him.

We corresponded for 18 months while Dick was overseas. When he returned, he stayed at our home for a couple of days before going on to the middle west, where he lives. A year passed and he made a trip to our eastern city, where he spent a week with us—my widowed mother and me.

During dinner with some family friends while Dick was here, these friends mentioned that they were planning a trip to his part of the country this summer. Dick immediately asked if it would be possible for them to bring me along when they make the trip, as he would like me to meet his family. Frankly I am very fond of Dick and he seemed very intent on having me meet his folks.

**Mother Votes 'No'**  
Now the problem is, these friends will gladly take me along, but my mother doesn't think it is proper for me to go and stay with Dick's family for a week or so. Dick has said he will have his mother write, formally asking me to stay with them. Still my mother isn't sold on the idea.

I am 21 and Dick is 25, and I feel that if I were staying with his family, at his mother's invitation, the visit would be perfectly proper. Kindly give us your advice on this.

C. C.

**Attitude Impeccable**  
DEAR C. C.: Your mother's objections to the proposed visit must be subjective and emotional, not based on objective consideration of the proprieties. Nothing could be more correct, according to standard etiquette, than Dick's manner of promoting the whole idea. Look at the record:

In company of your mother and her friends, he takes opportunity to broach the invitation and enlist right chaperonage. Also he says nicely that his mother will write, formally asking you to be her guest. In short, he guarantees that you will be made welcome, and that your mother shall have documentary evidence of this in advance in the form of a letter from his mother.

That's just about as decorous as a swain can be, in trying to bring about a friendly interchange between his parents and his best girl (and her guardians). And I gather you are Dick's best girl, in his mind, at any rate. He seems to be courting you the old fashioned way, at a measured pace, allowing plenty of time for individual growth, and social comparisons and quietly matured decisions on both sides.

**She'll Be Safe**  
Since you met Dick at age 18, with college still ahead, perhaps he feels he must wait until you are fully grown before he may properly speak of marriage to you. Or maybe he is waiting to see what kind of woman you are going to become, before he invites serious consideration of a lifetime partnership possibility.

Your mother's reluctance to have you visit Dick's people may reflect unconscious fear of "losing" her daughter to a mate as the prospects of marriage begin to draw nigh. But that is a risk she has to face, and a deprivation of sorts she must philosophically accept in season, if she is to continue her own growth as a person.

If Dick's mother asks you to visit, and you go, I think your mother may rest assured that you will be well supervised. The average man's mother is pretty determined to keep him out of the clutches of other women as long as she can; and I'll wager Dick's mother is no exception to the rule. So my advice to your mother is: relax and let you make this visit with her blessing if you get the chance—relying upon Dick's mother to supply both the letter and spirit of "safe conduct."

## Medics Asked To Cooperate On Polio Shots

CHICAGO (AP)—The American Medical Assn. has asked its members to cooperate in a government priority plan for polio inoculations of children 5 through 9.

Dr. Walter B. Martin, president of the AMA, said: "The AMA has been assured that technical problems relating to the safe manufacture of polio vaccine have been worked out and vaccinations will move ahead."

Dr. Martin said that children in age group 5-9 who do not receive the vaccine during the current program of the National Foundation for Infantile Paralysis for first and second-graders will be vaccinated after its completion.

The AMA, Dr. Martin added, "is asking all physicians to administer vaccine only to children in the priority age group until further notice. This will assure that the vaccine will be used first for those most susceptible to the disease."

He said the voluntary program follows the recommendation of the National Advisory Committee on Poliomyelitis Vaccination approved by Secretary Oveta Culp Hobby.

He said the physicians will keep a record of each child vaccinated, including the name, age and date of vaccination, the manufacturer of the vaccine and the lot number.

## ATTENTION: TV VIEWERS

As the summer months approach again we wish to remind our customers as to what to expect in TV reception. Normally, TV signals arrive at our sets only by surface waves which travel along the surface of the earth. Due to the curvature of the earth this limits reception, under normal condition, to approximately 100 miles.

As the more intense rays of the sun in the summer months arrive we do occasionally receive TV signals over another path; signals reflected back to earth by an ionized layer several miles above the earth. This is the type of reception which we commonly use for broadcast and short wave radio reception. TV signals coming in over this path may arrive at your set from several hundred miles. This means that a local channel, such as Columbus or Dayton, may experience severe disturbance from stations on the same channel but many miles away. This condition has already started this summer and is recognized by wavy lines in the picture of your TV set. It is also recognized by the fact that it occurs more frequently on low channels, such as Ch. 2 or Ch. 4 than on high channels, such as Ch. 7 or Ch. 10.

If you notice this condition; check several channels, and preferably check with your neighbor before phoning your TV serviceman.

There is nothing the serviceman can do to your set to improve reception in such cases. If you have a rotary antenna or a switcheable antenna, changing the direction of reception may help.

We are unhappy to report that a phenomenon, known as the sun spot cycle, will make this type of interference much worse during the summer months for the next few years. This sun spot cycle follows a eleven year cycle and is, in 1955, starting towards the portion of the cycle that favors reception of TV signals from distance points.

If we may be of service we will be happy to do so.

Thank You,  
C. J. Yeoman, Service Mgr.

## WSCS Members Meet With Mrs. Wesley Jones

The regular monthly meeting of the Maple Grove WSCS was held at the home of Mrs. Wesley Jones with sixteen members present.

Mrs. Ralph Garrison was devotional leader and following the singing of a hymn Scripture reading taken from the Book of James closed this period.

Mrs. Elmer Huchison led in the program using as her topic "Giving" and included a reading entitled "We Give Thee But Thine Own" the singing of a hymn and prayer. Mrs. Quinn Clarke, president, conducted the business session and following the usual reports it was announced that the roof on the school-house would be finished soon, which is a project of the society.

Plans were also made for an ice cream social to be held on the church lawn June 14.

Mrs. Thomas McFadden conducted several contests and the singing of a hymn followed with the WSCS benediction closed the meeting.

During the social hour light refreshments were served by the hostess.

Mrs. Clyde Carman was included as a guest.

each couple is privileged to bring another couple as guests.

At the close of the meeting, refreshments were served carrying out a pink and green color scheme.

Later Mr. and Mrs. Osman King were in charge of several games as entertainment.

# Camp Grounds Program Ready

Dozen Groups Will Go To Sabina

A dozen groups from the Wilmington, Cincinnati, Lima, Dayton and Springfield districts of the Methodist Church, are scheduled for sessions at the Sabina Camp Grounds during the summer, according to Rev. C. A. Arthur, secretary of the camp grounds organization.

Eight of the groups are intermediate youth fellowship, one is the Women's Society of Christian Service, one the Wesleyan Service Guild and the other is Cincinnati Methodist Men.

Intermediate groups will include children entering the seventh, eighth and ninth grades in the fall and Youth Institute are those entering 10th, 11th and 12th grades. Cost per person depends upon the number of days spent at the camp and number of meals.

The schedule is set up as follows:

JUNE 17-19, Cincinnati Methodist Men, directed by Francis Dale, Cincinnati.

June 19-24, first group of Springfield District Intermediates, directed by Rev. George Pohlman, Urbana.

June 26-July 2, Wilmington District Youth, directed by Rev. Elwood T. Rose of Jamestown.

July 3-8, Wilmington District Intermediates, with Rev. Virgil Hamilton of Leesburg, former pastor of Clarksville Methodist Church, in charge.

July 10-15, three district WSCS groups directed by Mrs. Charles Bailey, Middletown.

JULY 16-17, Wesleyan Service Guild, directed by Miss Helen Rayner of Columbus.

July 17-22, first group of Lima District Intermediates, directed by Rev. Dwight Woodworth and Leeland Wiley of Lima.

July 24-29, first group of Dayton District Intermediates, with Rev. Frank Ferguson of Dayton directing.

July 31-Aug. 5, second group of Springfield District Intermediates, directed by G. Keith Nash of Mechanicsburg.

AUG. 7-12, Cincinnati District Intermediates, directed by Rev. Howard W. Spitalne of Cincinnati.

Aug. 14-19, second group of Dayton District Intermediates, directed by Rev. Ferguson.

Aug. 21-26, second group of Lima District Intermediates, directed by Revs. Woodworth and Wiley.

Inquiries about the summer schedule and groups may be addressed to Rev. Arthur or Rev. Edwin H. Dickey, superintendent of the Wilmington District, 17 Peterson Place, Wilmington.

## Ex-Con Grabbed For 5 Attacks

CINCINNATI (AP)—Recently freed from Ohio Penitentiary, a 30-year-old Cincinnati man today was held by police following a series of attacks on women in Walnut Hills. No charges had been filed.

Police said five women identified Samuel Pegg as the man who attacked them late Saturday and early Sunday. Two women said they were raped; three said they escaped after being grabbed.

Pegg was picked up early yesterday while asleep behind a bar. He told officers he had been drinking heavily the last four days and "blacked out."

## 4-H Club Activities

### 4-H CHAMPS

The members of the 4-H Champs met at the home of George Iden recently to discuss the 4-H camp at Clifton. Several of the members plan to attend the camp, which is located near Yellow Springs in Greene County.

The youngsters planned to turn their project books over to their advisor, John Cook, by the next meeting, slated for June 6 at the home of David Heistand.

Larry Cleland, the president, led the meeting and appointed David Heistand and Jim Hidy recreation leaders for the next meeting.

After a round of games, George Iden served refreshments.

### STAR FASHIONETTES

Members of the Bloomingburg Star Fashionettes met at the school recently to work on their sewing projects.

The president, Jean Conaway, opened the meeting with devotions and led the business session. Betty Lou Moberly called the roll, with 10 of the 14 members answering.

Janet McConaughy led the group singing and Kay Heistand led the group in games.

Mrs. Lloyd Moberly, the advisor, served refreshments, assisted by Nancy Nessell.

### MERRY STITCHERS

The Merry Stitchers met at the home of Joyce Rhoads recently to plan their booth at the Fair.

Six members answered the roll call, read by Cora Shaw. After the plans for the Fair booth were completed, the meeting was closed with the 4-H pledge. Joyce served refreshments.

The next meeting will be held at Cora Shaw's home. Advisors are Mrs. Caryl Williams and Mrs. T. D. Chaney.

### KUTE KUTTERS

Thirteen members of the Kute Kutters met recently at the home of Eleanor, Charlotte and Marty Moats. The meeting was called to order by the president, Anna May Coe, and each girl answered the roll call by telling what she plans to do this summer.

The youngsters planned a bake sale for June 18 at the VFW Hall in Jeffersonville. Posters for the sale will be made by Eleanor Moats, Betty Jean Coe and Anna May Coe.

Marty Moats gave a demonstration, showing the steps in making a pan holder. Eleanor Moats showed how to make a napkin and Charlotte Moats demonstrated the way to lay a pattern.

Mrs. Myron Smith was a guest of the club. The advisor, Mrs.

A COUPLE OF THRILLERS have been booked for the Fayette Theater here for Wednesday and Thursday. One, "Six Bridges to Cross" is the story of \$250,000 robbery with Tony Curtis in the role of a slum-born crook. The other is "She-Devil, Angela," with Dennis O'Keefe in the lead.

## Blue Cross Sign-up Here Is Next Week

Next Monday, Tuesday, and Wednesday, June 6, 7, and 8, are the days when residents of Washington C. H. and Fayette County can become members of Blue Cross during the annual community enrollment.

Mrs. Mary Ellen Dellinger, president of the Business and Professional Women's Club which sponsors the drive, commented that the enrollment will not be held again for a year.

This, the 10th annual community enrollment in Fayette County marks the 25th anniversary year of the Blue Cross plan. Born of the depression among a group of Dallas, Texas, school teachers in 1929, the plan has grown to a present membership of nearly 47,000,000.

Blue Cross is the hospitals' plan designed to meet an emergency before it happens, through voluntary prepayment.

When a Blue Cross subscriber requires hospital care he is covered for 16 major hospital services and may receive 30 days care in a semi-private room. Included among the benefits are laboratory work

Charles Ford, is ill and was not at the meeting.

The Moats sisters served refreshments at the close of the meeting.

## Amos Alonzo Stagg Returns To His Old Chicago Haunts

CHICAGO (P)—Amos Alonzo Stagg, "The Grand Old Man of Football," returns to the scene of his greatest triumphs today for a reunion with some of his old University of Chicago Maroons.

Along with Stagg will be his wife and "assistant" coach, Stella. On hand to greet the 92-year-old "youngster" will be eight members of the famous 1905 football team which went undefeated to capture the Western Conference title.

That was the year of one of Fielding Yost's greatest "point-a-minute" Michigan teams. In winning 12 games, Michigan rolled up 45 points and held the opposition scoreless.

But one Saturday afternoon, Michigan and Chicago staged a brilliant defensive duel. For three solid quarters and most of the final period, neither team was able to score.

Then Chicago's Walter Eckersall

sent a booming 60-yard punt into the end zone. Michigan's Danny Clark took the kick but before he could run it out, he was tackled in the end zone by Art Badenock and Mark Catlin.

The final score was Chicago 2, Michigan 0.

Catlin, Badenock, Merrill Meigs, Jesse Harper, Bill Boone, Ed Perry, Les Larson and Fred Walker—all members of the 1905 team—will join Stagg today.

Also present will be some members of the 1905 track, baseball and basketball teams, all of which were coached by Stagg.

Stagg, a great athlete at Yale from 1884-1890, began coaching at the University of Chicago in 1892, the year the school opened.

He coached through 1932 when he was automatically retired at the age of 70. Unwilling to sit back and watch, Stagg later coached at the College of the Pacific where his 1943 team upset enough national powers to gain Stagg the "Coach of the Year" acclaim.

After his tenure at the College of the Pacific and having passed 90, Stagg served as advisory coach to his son, Amos, Jr., at Susquehanna University (Pa.) before retiring to Stockton, Calif.

Stagg, who introduced college football to Chicago, returns at a time when a group of students at the campus are trying to restore football at the university. Their cry for "football by 1960" will undoubtedly bring joy to Stagg.

The one time All America end was in tears when the Maroons abandoned the game in 1939. Likewise, he protested vigorously when he found many schools dropping athletics because of World War II.

## Willie Pep Due In Television Bout

BOSTON (P)—Willie Pep, two time former featherweight champion, is fighting Joey Cam of East Boston tonight in a scheduled 10 rounder which will be televised nationally at 9 p. m. EST.

The fight takes the place of the Jimmy Carter - Wallace (Bud) Smith lightweight championship, originally scheduled for this date but postponed until June 29.

Cam has won 32 of 37 bouts and has an elusive style to challenge Pep's experience.

## Redlegs Option Pitcher To Cuba

CINCINNATI (P)—The Cincinnati Redlegs have optioned pitcher Corky Valentine to Havana of the International League on a 24-hour recall basis.

Valentine, a 25-year-old right-hander from Troy, made the jump last year from Columbia of the South Atlantic League to the majors and compiled a 12-11 record with a 4.45 earned run average.

This year, however, he has been unable to hit a winning stride and has allowed 29 hits and 22 earned runs in 27 innings.

## Illness Of Judge Stalls Death Trial

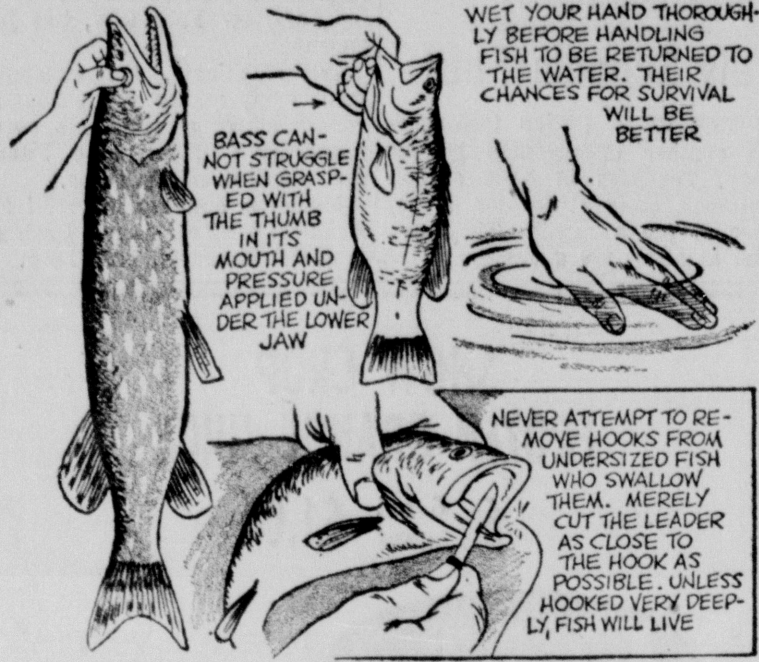

McCONNELSVILLE (P)—The illness of Common Pleas Judge Carlos Riecker has forced a postponement in the first-degree murder trial of Mrs. Frances Sloan, 28, until Thursday.

Morgan County Sheriff S. A. McConnell said Judge Riecker has a virus infection. The five-day-old trial has been in recess over Memorial Day weekend.

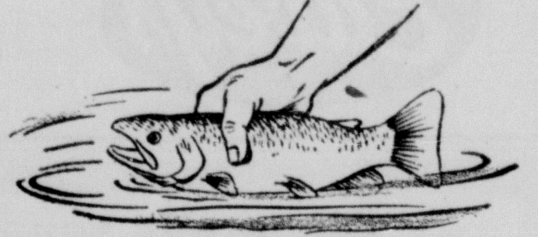

Mrs. Sloan, New Lexington housewife, is charged with the gunshot slaying of her nephew, Kenneth Strohl, 16, her husband, Raymond, 38, also indicted in the boy's death, will be tried later.

## 12 Ohio Men To Be Cited At FFA Meet

COLUMBUS (P)—Twelve Ohioans, all connected with agriculture or farm service, will receive honorary state farmer degrees Thursday at the Ohio Future Farmers of America meeting.

The Ohio FFA's 27th annual convention will be held at Ohio State University Thursday and Friday.

Also to receive state farmer degrees will be 230 members of the organization. These degrees will be presented Friday. A judging contest is planned for Saturday.

Those to receive the honorary degrees are:

A. F. Davis, chairman of the National Future Farmer Foundation sponsoring committee and secretary of the James F. Lincoln Arc Welding Foundation, Cleveland; J. C. Hiestand, vice president and

secretary, Ohio Farmers Companies, Leroy; Richard Hummel, national chapter contest winner and vocational agriculture teacher at Spencerville High School.

Virgil Marvin, manager, rural division, Toledo Edison Co.; Charles Might, farm director, radio station WMRN, Marion; Carl Nagy, national chapter contest winner and vocational agriculture teacher at Jeromesville High School; Edwin O. Smith, manager, Farm Power Division, Dayton Power & Light Co.; and Bruce Tom, lecturer, Ohio State Grange, Columbus.

Ohio State University faculty members to receive the degrees are Prof. I. P. Blauser, agricultural engineering department; Dr. Ira A. Gould, chairman, dairy technology; John T. Mount, junior dean and secretary of College of Agriculture; and Richard Wilson, agricultural education department.

Bill Skowron, first baseman for the Yankees, bats and throws right handed. But as a football star at Purdue he was a left-footed kicker.

## Dave Philley Saves Game For Indians

CLEVELAND (P)—Dave Philley, who has trouble getting a starting assignment, scored the winning tally, hit a now-or-never home run and made the key catch last night as Cleveland beat Baltimore, 2-1, in 13 innings.

Philley, who has batted just 32 times, belted his second homer this year with one away in the last of the ninth, sending the game into extra innings. His first round trip was Monday.

With one down in the top of the 13th, the right fielder ran far to his right and made an over-the-shoulder catch of a ball hit by Cal Abrams. Billy Cox, who walked and started running with the crack of the bat, was doubled at first, ending that Oriole threat.

Philley got a base on balls after Al Rosen and Dave Pope hit fly outs in the Indian's 13th and made it all the way to the plate on a double by Sam Dente. Barely beating the relay, Philley smacked into Oriole catcher Hal Smith hard jarring the ball loose.

Gene Woodling, the Akron resident and ex-New York Yankee, hit his third home run of the year in the third inning and for a long time the score looked big enough for a Baltimore victory.

Jim Wilson, seeking his fourth pitching victory against four losses, limited the Indians to five hits and allowed only two Clevelanders to get as far as third base until the ninth.

## Soviet Chiefs Making Tour Of Yugoslavia

POSTOJNA, Yugoslavia (P)—The leaders of Russia—Communist party chief Nikita Khrushchev, Premier Nikolai Bulganin and Deputy Premier A. I. Mikoyan—began a two-day tour of northern Yugoslavia today.

Tito did not accompany the Russians but will meet them Thursday in Belgrade.

Borba, Yugoslavia's leading Communist paper, said today some progress clearly had been achieved in talks, which will be concluded Thursday or Friday.

"The talks have been profitable for Yugoslav-Soviet interstate relations and for the efforts to reduce international tension," the paper declared.

Borba said the joint document to be released after the return of the Russian leaders to Belgrade will contain a review of the present international situation with gestures for improving it, the agreed foundations for future Yugoslav-Soviet relations and the outline of "essential elements of a policy of coexistence."

A joint communique issued yesterday said the negotiations were continuing "in an atmosphere of mutual understanding" but gave no details.

The Soviet delegation arrived in Yugoslavia last Thursday to patch up the Soviet bloc's bitter seven-year quarrel with the Yugoslav marshal.

## Ohio Ad Salesman Cops Fashion Prize

ASBURY PARK, N. J. (P)—A 25-year-old Ohio advertising salesman today holds the "Mr. Fashion of 1955" title.

Albert Meyers, an employee of the Gallipolis Daily Tribune, was selected as the best dressed man on this resort's boardwalk yesterday. He was given \$500 worth of clothes.

Meyers is vacationing here with his bride of three months, Linda.

The winner of the contest wore a light brown fleck suit, a striped tie, a cocoa brown straw hat, leather and mesh shoes, and white button down shirt.

## Hoover Urges New Spending

### 'False Economy' Seen In 2 Federal Fields

WASHINGTON (P)—The Hoover Commission, altering its familiar economy theme, today urged more federal spending, bigger staffs and better pay in research programs, both military and civilian.

The commission in effect scolded Secretary of Welfare Hobby and the Budget Bureau, an arm of the White House, for not

seeking funds to carry out 723 approved research projects at the National Institutes of Health in the coming year.

And the 12-member commission headed by former President Hoover offered proposals for military reorganization which it said might increase the effectiveness of weapons research by 25 per cent in five years.

Even this, it said, "may be too slow to maintain our leadership in weaponry." The commission report continued:

"Pioneering in intercontinental ballistic missiles, the maturing technology of shorter range missiles, the needs for greater effectiveness in continental defense, the opportunities for major improve-

ments in all military electronics... for example, combine in presenting the Department of Defense with an increasing volume of research and development opportunities and demands.

"IT WOULD BE false and dangerous economy to hold the research and development appropriations at a level too low to permit a volume of effort essential to effective programs in areas of opportunity for improved weaponry."

As for the backlog of 723 research projects approved for work at the National Institutes of Health the commission voiced concern over this "apparent failure of the executive branch" to appraise

Congress of the \$7,400,000 needed.

The commission "may indicate a tendency to de-emphasize basic and medical research," the report said, whereas actually such research deserves "greater federal support." It said:

"We must make sure of general support to this field which daily demonstrates such potential benefits for mankind."

## Bob Sweikert Gets \$76,138 For '500' Win

INDIANAPOLIS (AP)—Bob Sweikert's victory in the Memorial Day auto race prize money was \$76,138—13,358 less than the record total won in 1953 by Bill Vukovich.

"I would gladly give up my first place if Billy were here," Sweikert told the annual awards banquet Tuesday night as he accepted the check.

Vukovich, killed Monday when his car crashed and burned after he had led 50 of the first 53 laps, picked up \$29,250 of his 1953 total in lap awards. Sweikert's lap prize money was \$12,900 this year.

The overall 1955 prize divided was \$270,050. This compared to the previous high of \$269,375 last year.

Picked as "rookie of the year" by a committee of sportswriters attending the awards dinner was Al Herman, Allentown, Pa., who drove an elderly dirt track car to 7th place in the 500-mile race.

Herman was given \$500 and a year's supply of meat from an Indianapolis packing house in addition to his regular earnings.

Tony Bettenhausen, Tinley Park, Ill., second among the finishers, won \$30,088.63, while third place Jimmy Davies of Pacoima, Calif., collected \$16,988.63.

## Golf's 19th Hole

Next Saturday is National Golf Day—the day when the men try to beat Ed Furgol and the women try to beat Babe Zaharias. It costs \$1 to enter the tourney at the Country Club here and, to give every-one a chance, Tony Capuana, the club pro, announced that the event would be spread throughout this week.

In this competition with the champions, the men will use their regular handicaps and the women their full handicaps and those who have no assigned handicaps are to use the Calloway handicap system to get one before the start.

The golfers who beat the champs will be awarded special medals.

The pro had his best score of the season last week when he turned in a card of 33. It showed he had par on all but three holes—No. 4 (par 5) No. 5 (par 3) and No. 9 (par 5). He turned in birdies on each of these.

**THIS AND THAT** from the pro's notebook:

Bill Allen, Jr., a former member of the club here who is now located in Columbus, golfed at the Country Club during the weekend.

Chuck Cummings golfed in Indiana during the Memorial Day weekend holiday.

Elmer Reed finally persuaded

Dr. Charles Pfersick to play golf for the first time.

Dr. Fred Woollard and Dr. I. L. Pumphrey played 18 holes for the first time this season during the weekend.

Jay Crabtree shot a 35 for his best round of the season.

Harold Miller had two extremely unusual rounds (with emphasis on the extremes) when he toured the first nine holes in 39 and the second in 52 for a total of 91.

The tallest golfer at the club this season is Ralph Cook—6 feet 4 inches.

Mrs. John Tracey played her first-ever golf over the weekend with her husband.

Max Lawrence shot a 39 the first time he played this year.

Mrs. Ronald Cornwell was out for the first time this season during the holidays.

Don Gibson played the first round of golf of his life and carded a 92 for nine holes. He got plenty of exercise and that led to plenty of blisters. But, he does have a good swing.

John Bath was out for the first time.

J. O. Garringer shot a 44 for his best-ever score; Mrs. Garringer was with him to keep him honest, too.

Hosts for the Thursday Men's Night party are Troy Junk, Charles Reinke, Walter Jones, Frank Baker, Eli Craig, G. D. Baker and William Junk.

## Bowling Champions Have Steak Barbecue

Members of Len's Wine Store bowling team that took the championship of the all Star League that rolled every Tuesday night last winter are still talking about the steak barbecue dinner at the home of Merrill Lynch, one of the team.

The dinner was a sort of celebration for the championship with the compliments of Len Loudner, the sponsor and host for the evening.

This is the second year the team rolled in the All Star League but the first time it won the title.

The team also entered the state bowling tournament in Cincinnati and two of its members, Ralph Douglas and Lynch received cash awards for placing in the doubles event with a total of 1227.

On the team, all at the party with the sponsor and host, were Gene McLean, Lynch, Bill McLean, Douglas, Ken Johnson and Harry Thrallkill.

Each member of the team received an individual trophy and the sponsor got a big one.

## Pair Of Classy Entries Wins At Lebanon

LEBANON, Ohio (AP)—A pair of classy trotters each took a \$450 purse at Lebanon Raceway last night with McEton and Haila Colby winning the features.

McEton, owned and driven by J. S. Altizer of Urbana, Ill., took the mile in 2:12 1-5. The four-year-old paid \$7.20, 3.60 and 2.80.

In the Class CC trot, Haila Colby's time was 2:11 1-5 for the mile. She was driven by Charlie Norris of Plain City and is owned by Hugh Roby of Plain City.

First race, Class 30 trot, One mile, \$400, Even Stephen (Par-shall), \$8.20, 5.00, 3.20; Paul Jackson (Louisa), 3.00, 2.80; Honor's Jane (A. Edwards), 3.60, Time: 2:14 4-5.

Second race, Class 25 pace, One mile, \$400, Jester-mite (L. Thompson), \$10.20, 4.50, 4.20; Volo H. (C. Snook), 3.20, 4.00; Doctor Mike (W. Mikesell), 2.80, Time: 2:11.

## Nuxhall Facing John Antonelli

NEW YORK (AP)—Cincinnati Manager Birdie Tebbetts has pinned his hopes on Hamilton's Joe Nuxhall, selected to oppose Johnny Antonelli today when the Reds open a series with the Giants.

Big Joe will have to be at his best as Antonelli holds a seven-game winning streak over the Reds in a two-year-period. He de-cisioned them five straight times last year and turned them back twice this season, once in a 16-inning, 2-1 triumph.

Nuxhall, a comfort to Tebbetts in the Reds' unhappy pitching woes will be seeking his fifth triumph as well as trying to snap a three-game losing streak for Cincinnati.

Shortstop Willie Miranda of the Orioles made 11 errors in his first 24 games. No other shortstop had made more than six at the time.

## Recheck Shows Lajoie Is Leader

DAYTONA BEACH, Fla. (AP)—A belated discovery that Napoleon Lajoie hit 422 instead of 405 for the Philadelphia A's in 1901 was greeted calmly by the Hall of Fame second baseman.

Lajoie learned of the error in the batting averages through the New York Times which reported that laborious research has proven Lajoie had 229 hits, nine more than was credited to him, and that his .422 mark is the all-time high in the American League.

"Those hits belong to me," the 80-year-old Frenchman said, "and I'm glad they found them."

## Floridian Held British Favorite

ST. ANNES, Scotland (AP)—Don Bisplinghoff, a 20-year-old from Orlando, Fla., shouldered a lot of American hopes today in a bid to carry away the British amateur golf championship.

With Bill Campbell, American Walker Cup captain ousted yesterday, Bisplinghoff took on the role of title favorite. The young Floridian today faced Ian Caldwell, one of Britain's two winners in the recent Walker Cup matches.

Nineteen Americans remained in the field of 96 golfers eyeing the championship to be decided on Saturday.

## Hamilton County Cops Baseball Titles

COLUMBUS (AP)—Hamilton County has captured top honors in Ohio high school baseball.

Cincinnati Elder's 3-0 victory over Massillon yesterday added the Class A high school title to the Class B championship won last Saturday by another Hamilton County school—Lockland.

Elder's Ron Moeller held Mas-sillon to two hits and struck out 10 to blast Tiger hopes of grab-bing the diamond title. The Tigers have won the state football crown the last seven years.

## Lord Byron Due For Golf Comeback

NEW YORK (AP)—Byron Nelson, the Roanoke, Tex., rancher who once was undisputed king of the touring pros, is flirting with a golf comeback at the age of 43.

The U.S. Golf Assn. announced today that Nelson, in virtual re-

irement since 1949, had filed en-June 16-18 at the Olympic Club in try in both the United States and San Francisco. The British event British Open championships. is set for July 4-8 at historic St. Andrews, Scotland.

## LONG MILEAGE FEATURES!

Results of a "Town & Country" Test proved conclusively that Super Deluxe will give the average motorist 7000 extra miles.

## TUBELESS SAFETY FEATURES!

New "relaxed liner" adheres to puncture objects—converts blow-outs to slow-outs. Wide, center-rib cushions impacts.

## NON-SKID TRACTION FEATURES!

Thanks to sharp edges of the new zig-zag tread and the deep cross-cuts, road moisture is wiped away for quicker, safer stops.

## QUIET, SMOOTH-RIDING FEATURES!

New variable pitch tread reduces road noises—new outer ribs flex with each turn to prevent squealing. And good-looking too!

## LOW PRICE FEATURES!

Costs no more than a conventional tire and tube. Buy now at Wards low list prices and get a liberal trade-in for old tires.

### Tips on Transplanting Tomatoes

By DEAN HALLIDAY  
Distributed by Central Press Association

AS result of weather conditions, flat-grown tomato plants often become overly tall and leggy before they can be transplanted into the home vegetable garden.

The solution is to plant such leggy seedlings in a trough-shaped hole, three or four inches deep, as shown in the accompanying Garden-Graph.

Lay the lower portion of the stem, as well as the roots, in the trough with the top portion turned upward and tied to a stake, as illustrated. Cover the roots and bare lower stem, and additional roots will develop all along the buried stem.

The trough-like hole is better for such tall plants than a vertical one deep enough to get the plant down in the ground. The latter type of hole puts the roots

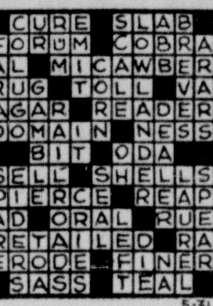

down so deep that they are likely to suffer from lack of air and consequently grow slowly.

When stem and roots are buried no more than four inches, the soil aeration at that depth is usually sufficient for rapid root development. Make a point of laying the stem and roots in the direction of the row so that when cultivating the plants the roots will not be injured or broken.

To help seedling tomato plants recover from the shock of transplanting, give them a feeding of liquid fertilizer, as shown in the Garden-Graph. You can mix the feeding yourself. Use a complete, balanced plant food. Follow directions given on the package. Pour the solution over the roots of each plant before covering them to soil surface.

### Famous Navy Chaplain To Turn Author

PLUCKEMIN, N. J. (P) — The Rev. Howell M. Forgy, whose phrase "Praise the Lord and pass the ammunition" became a famous World War II battle slogan, plans to resume a writing career now that he has resigned as an active preacher.

Memorial Day marked the formal end of the preaching career of the Presbyterian minister who coined the inspiring words during the Japanese attack on Pearl Harbor in 1941.

In resigning as pastor of the Pluckemin Presbyterian Church, where he has served since March 1954, Rev. Mr. Forgy gave ill health as his reason.

The congregation at the church accepted the 47-year-old pastor's resignation Sunday, and his successor will be picked by a committee.

Now, he says, his full attention in the coming years will go to writing, where "I can set my own pace." He declared:

"I'd like to help fill the tremendous need for drama and pictures which have something to say."

His writing career began with a play, sponsored by the Rockefeller Foundation and T. S. Eliot.

At the time of the Pearl Harbor attack, he was a Navy chaplain aboard the cruiser New Orleans.

## Bloomington Alumni Meet

200 Attend First Reunion Since 1946

More than 200 alumni of Bloomington High School today are again scattered across the land after returning for a homecoming celebration over the Memorial Day week end.

Members of classes spanning more than 50 years were present at the three-day affair, the first Bloomington High reunion since 1946.

The oldest graduate at the meeting was Mrs. Maude Howland, a member of the Class of 1903. Twelve members of the Class of 1955 were also on hand to be introduced by Supt. G. H. Biddle.

A new slate of officers of the alumni association was selected, with Harry Craig to serve as president during the coming year.

Other officers on the slate are Robert Jefferson, vice-president; Mrs. Joseph Elliott, secretary; Mrs. Lawrence Hoppes, assistant secretary and Mrs. Delbert Looker, treasurer. Head of the nominating committee submitting the slate was Howard Foster.

**THE OUTGOING** president, Dr. Emery of Willard, served as toastmaster for a short program, presented after the banquet at the Country Club which opened the reunion Saturday night.

Rev. Lester Taylor opened the program with the invocation and William Craig led a memorial service for deceased members of the alumni association. The members of the Class of '55 were welcomed into the association by Mrs. Harry Craig, Mrs. Gordon Lynch led group singing, with Mrs. Joseph Elliott at the piano. Dr. Paul Elliott pronounced the benediction.

At the close of the program and the business meeting, the members and their guests danced to music by Brownie's Orchestra of Sedalia.

Members of committees in charge of the banquet were Mrs. Gordon Lynch and Miss Florence Purcell, registration; Mrs. Ronald Thompson, Mrs. Dean Thompson, Mrs. Harold McConaughy and Mrs. Dean Cory, decoration; Bill Purcell, program; menu; Mrs. Paul Pope; M. G. Morris, hospitality; Mrs. Edgar McFadden, Mrs. Floyd Henkleman, Mrs. Forrest Stephenson, Miss Pat Noble and Mrs. Homer Emery, hospitality; and Mrs. Thompson and Harry Craig, music.

Many members of the alumni association also attended joint services of the Bloomington Methodist and Presbyterian churches. On Memorial Day, they attended the special services held at the Bloomington Cemetery.

## Rural Life Service Is Held by Grange

A program with a religious theme and a sermon by Rev. Eugene Frazer, pastor of the Good Hope Methodist parish, marked the Rural Life observance this year by Forest Shade Grange in the Grange Hall at New Martinsburg.

It started with a covered dish supper at tables decorated with a red, white and blue color scheme. Huge bouquets of flowers were on the tables and throughout the hall. The decorations were in charge of Mrs. Charles Seig and Mr. and Mrs. Ben Waln.

The program, arranged and conducted by Mrs. Eldon Bethards, the lecturer, included:

Piano solo by Mrs. Lawrence Black; the origin of Rural Life Sunday and a prayer by Mrs. Bethards; a vocal solo, "My God and I," by Mrs. Eldon Marshall; vocal solo, "Jesus Loves Me," Rebecca McCoppin; guitar and vocal duet, "Whispering Hope" and "Mansion on a Hilltop," by Joyce Ann Ritter and Melanye Handley; memorial service by the chaplain, Mrs. Edward Lee Carson; the rural life message by Rev. Frazer; guitar and vocal trio, "Take My Hand Precious Lord," by Joyce Ann Ritter, Melanye Handley and Janet Rose Ritter and the benediction by Rev. Frazer.

Included in the memorial service by Mrs. Carson were poems: Scripture reading; the song, "Abide with Me;" prayer and a piano solo, "Beyond the Sunset," by Carolyn Rose Carson. The altar also was decorated with roses by Ruth Ann Carson in memory of John N. Hoppes and George Ritter, who died last year.

Hosts and hostesses for the evening were Mr. and Mrs. Elba Carson, Mr. and Mrs. Willard Williamson and Mr. and Mrs. Willis Handley.

## Services Thursday For Mrs. Slaughter

Funeral services for Mrs. Glanara Slaughter, who died at her home in Springfield Monday, will be held Thursday at 2 P. M. at the residence, East High Street, Springfield, and interment made in the Whiteman Cemetery, northwest of Bookwalter.

Mrs. Slaughter was well known in the northern part of Fayette County.

The divorce actions of Dorothy Walters against Donald Walters and Stephen D. Sterling against Rolande Sterling have been dismissed upon application of the plaintiffs.

### WEAVER CASE UP NOON

The case of John Weaver against the City of Washington, in which the plaintiff seeks \$5,000 damages alleged to have resulted to his farm along Paint Creek by the pollution of the stream by the city, has been set for hearing before Judge John P. Case and a jury, June 21.

The plaintiff is represented by Richard R. Rankin and the city by Solicitor William Junk.

### NO ADMINISTRATION

The Ed Hanna estate has been relieved from administration.

### CLAIM NOT ALLOWED

A claim filed in the Minnie Divens estate by Roscoe W. Divens, was not allowed by the probate court, and distribution of proceeds from the land sale, amounting to \$1,600, was ordered.

### CLAIM ALLOWED

In the Ada Lee Klever estate, claim of the Division of Aid to the Aged amounting to \$5,360.34 was held to be a valid lien against the estate, and the executrix was authorized to sell property at not less than the appraised value of \$10,000.

### BROTHERS ACCUSED

LONDON—James Underwood, 22 and Robert Underwood, 40, of near Mechanicsburg, are being held in jail on charges of stealing chickens from their brother, Thomas Underwood, of Lafayette.

### NEW PATROLMAN

GREENFIELD—William Wiscup, 27, has been named to the police force to succeed Frank M. Haas, resigned.

## Weighmaster Plan Set Here

C of C Adopts Plan To End Bickering

The Chamber of Commerce here has undertaken a program which it hopes will put a little more money in the pockets of Fayette County's farmers.

It is called the "chief weighmaster" program and it is designed to close the weight gap between the grain shippers and the terminal elevators.

Glen Allen, the Chamber manager, explained that an agreement had been reached with the Farm Bureau Co-op and Eshelman Feed Co. for the supervision of shipments of all small grains (wheat, corn, soybeans etc.) from their elevators.

Records, he said, would be kept in the Chamber office for inspection by representatives of the American Association of Railroads and the Eastern Inspection Bureau.

Allen said this was the first Chamber of Commerce of this size in the state to undertake the "chief weighmaster" program although it is in operation in many cities and towns further west in the grain-producing prairie states.

Allen, himself, is to be the chief weighmaster, although several others will be deputized and bonded at \$2,000 a car to handle the daily detailed routine.

**UNDER THE** "chief weighmaster" program, all grain shipped either in or out of here will be under the supervision of bonded "weighmaster."

The program was devised, Allen explained, to put an end to the bickering over the weight of a carload of grain.

In the past, he said, weights reported at the terminal elevators frequently were considerably less than the weights given by the shipper and claims filed by the shipper for the difference were

usually settled for a percentage of the difference rather than battle it through the courts.

The "weighmaster" program, Allen said, was designed to get the claims paid in full.

## Layette Shower Honors Mrs. McKee

A layette shower for Mrs. Dale McKee was given by her mother, Mrs. Maud Burns, at her home in Jeffersonville. She was assisted by her other daughters.

Yellow mums and spring flowers were used as decorations and the gifts were arranged in a bassinet with a stork in the center. The honor guest was assisted in the opening of the gifts by Connie Gale Burns and Shirley Tyree.

Games were enjoyed and prizes were awarded to Mrs. Lillian Upthegrove, Mrs. Betty Davis and Shirley Tyree.

Later refreshments consisting of individual cakes in the form of a diaper topped with pink and blue safety pins, and ice cream molds featuring storks were served by the hostesses assisted by Miss Jeannie Harris and Miss Kay Byrd.

Guests included were: Miss Jeannie Harris, Mrs. Barbara Baker, Mrs. Maggie Burns, Mrs. Arabelle Brown, Mrs. May Baker, Mrs. Lillian Upthegrove, Mrs. Eleanor Burns, Effie Marchant, Misses Kay Byrd and Shirley Tyree all of Jeffersonville, Mrs. Betty Nooks of Xenia, and Mrs. Joella Scott of Wilmington.

In the same period that 33,417 Americans were killed in the Korean War, 650,000 Americans died of cancer.

## Good Will Grangers Plan Future Events

Members of the Madison Good Will Grange have a full calendar. Master Charles Cook announced upcoming Grange events for them and for the other Grangers of the county at the meeting held Tuesday evening in Grange Hall.

One of the most important dates is the exemplification of the sixth degree, to be held at the New Vienna School in Highland County on July 20. Tickets are available from the county deputy, Herbert Perrill, or at the door before the meeting, which is slated to start at 8:30 P. M.

Another important date is the Pomona meeting on June 9. The Madison Grange will serve refreshments at the meeting. In charge will be a committee made up of Mrs. Roscoe Whiteside, Mrs. Homer Wilson and Mrs. Charles Cook.

After a long discussion, the members decided not to put up a booth at the Fair this year.

The program opened with a solo by Sierra Smith, "Are You Mine?" Nancy Kneisley read "From Sky to Earth" and Leland Dorn read "Freedom" and "Memorial Day Thoughts." Mary Recob sang "Today Is Mine." Judy Kneisley read a poem, "Tabby."

At the close of the program, the Grangers all joined in a half hour songfest.

The refreshment committee at the next meeting, June 29, will include Mr. and Mrs. Homer Wilson, Mr. and Mrs. Fred Pope, Mr. and Mrs. A. E. Dawson and Mr. and Mrs. Freddie Lebeau.

fear that the ruling would go unheeded in the Deep South. "After all," said J. A. Crumlin, president of the NAACP in Kentucky, "federal judges down there are Southerners too."

Sen. Albert Boutwell, chairman of Alabama's Interim Legislative Committee on Segregation in Public Schools, said the Supreme Court order "appears to admit" that local conditions must be taken into consideration.

State Sen. W. M. Rainach of Louisiana commented that the ruling "gives us room to continue our fight." Louisiana has adopted a constitutional amendment authorizing use of the state's police power to enforce segregation.

In Mississippi, State Democratic Chairman Tom Tubb called the ruling "a very definite victory for the South."

## Battery Thief Soon Arrested

Police Tuesday arrested Robert Potter, 20, city, and recovered five batteries which police said he admitted stealing from tractors in the H. H. Denton farm machinery yards on Columbus Avenue over the week end.

His arrest followed some quick work on the part of the police.

who found the batteries at the Washington Wrecking Yards on Columbus Avenue, where Potter had disposed of them, only three blocks from where they were stolen.

A charge of grand larceny was filed against Potter and he was to be arraigned in municipal Court Wednesday to plead to the charge.

Police said Potter had been in trouble before.

## Little League Opening Day Ceremonies Set

Parade Is Planned  
Big Day Is Tuesday  
As Season Kickoff;

When the Little League opening  
date, June 7, rolls around, the kids  
are going to get a big send-off into  
competition.

The opening day ceremonies  
will start with a parade from the  
Court House to the diamond on  
Oakland Avenue opposite Cherry  
Hill School. It will be a real para-  
de, too, with all the fixings,  
including the WHS band, city of-  
ficials, and in full uniform, the  
Little Leaguers themselves.

When the parade arrives at the  
field, the flagpole in center field  
will be dedicated. It is the gift of  
the Air Force Association, a veter-  
ans' organization formed here  
shortly after the war. A plaque on  
the pole will dedicate it in memory  
of the men who lost their lives in  
the service of their country.

The opener will begin after City  
Manager James F. Parkins on  
throws out the ball to open the  
season officially.

The first game will pit the Rec-  
ord-Herald Flashes against the  
Coca-Cola Jets. The managers of  
all four teams drew lots and the  
winners' teams are the ones to  
play next Tuesday.

Incidentally, that opening date—  
Tuesday—is a change from previ-  
ous plans. Members of the League  
board voted to set back the first  
game one day from the originally  
planned Monday at their meeting  
here yesterday.

OTHER BUSINESS of the board  
meeting included a vote to buy uni-  
forms for the expected 60 boys who  
will make up the four minor-league  
teams. The board plans definitely  
to buy T-shirts and caps for all  
the minor-leaguers. If the board  
can purchase trousers "at a good  
price," George Finley said, it will  
buy them too.

The uniforms won't be as fancy  
as the ones provided for the boys  
in the majors, Finley added, but  
the board will furnish outfits for  
the youngsters in the minors.

Tryouts for minor-leaguers were

## Warmer Weather Expected In June

WASHINGTON (AP)—The Weather  
Bureau predicts it will be warm-  
er than usual for the season in the  
eastern half of the nation this  
month.

The bureau's 30-day outlook:  
"Precipitation is expected to  
exceed normal over a broad area  
extending from the southern pla-  
teau through the Central Plains to  
the Great Lakes region. Sub-  
normal amounts are indicated  
along the West Coast and in the  
southeast. In unspecified areas  
near normal amounts are in pros-  
pect."

## Meanderings By Wash Fayette

I suppose half the people in this  
old world, at one time or another,  
have fancied themselves as actors  
or actresses. Fabulous salaries  
paid movie and TV performers  
haven't lessened the fancy, either.

So, a group of amateur Thespi-  
ans in the making at Greenfield  
may be just the answer to many  
a dream.

The Village Playmakers, as the  
group calls itself, are in the final  
stages of rehearsal for "Ladies  
in Retirement."

The mystery drama, with its  
English 1885 setting, promises to  
be a colorful show. It ran nearly  
two years on Broadway.

The curtain is to rise on "Ladies  
in Retirement" in Greenfield's  
McClain High School auditorium at  
8:15 P. M. on June 10.

The publicity department of the  
Village Players—and what would  
a theater production be without a  
publicity department—says "a long  
search for the appropriate cast re-  
sulted in several counties being  
represented. Because of this, con-  
siderable interest has been shown  
in various towns and villages and  
may force other showings around  
the vicinity."

The publicity piece also extends  
an invitation "to anyone in Wash-  
ington C. H. who is interested in  
becoming a member of Village  
Playmakers may call Mrs. Alice  
Jo Duckworth, the director, or  
Mrs. Smith, the secretary, at  
Greenfield."

HEDY LAMARR is shown undergoing a lie detector test in Houston, Tex., in connection with mysterious disappearance of \$50,000 worth of jewelry from her husband W. Howard Lee in their River Oaks home. The jewelry includes her \$20,500 engagement ring. Due to her nervousness, test was inconclusive. (International)

## Law Partnership Formed By Maddox and Hire

Ray Maddox and Charles S. Hire,  
who have fought many a bitter  
legal battle in the courtroom, have  
formed a law partnership of Mad-  
dox and Hire.

The announcement, made jointly  
by the two attorneys, came as  
somewhat of a surprise.

Although Maddox is convalescing  
now from an operation, it was  
made plain that the partnership  
was not an indication of his retire-  
ment from the practice of law.

The new firm's offices will be  
on the second floor of the First  
National Bank Building, but it  
will be about a month before they  
are ready for occupancy because  
they are now being redecorated  
and remodeled.

The offices have been extended  
from Maddox's offices to take in  
the adjoining rooms.

Hire said he hoped to move from  
his office on the second floor above  
the Murphy Store later this month.

John Bath, the county prosecutor  
who has had his law office with  
Hire, is to be an associate of the  
new firm and also will move into  
the new firm's enlarged offices in  
the First National Bank Building.

MADDOX, a native of Milledge-  
ville, has spent most of his life in  
Washington C. H. in the practice of  
his profession.

He is a lawyer of the old school.  
for his background in the legal  
profession, he "read law" in the  
office of his father, Tom Maddox,  
one of the leading attorneys of his  
day here. After four years of study  
—a sort of on-the-job schooling, as  
it is known today—he took the  
state bar examination and passed it  
with flying colors.

It was in 1916 that he became  
a member of the Bar and he  
started into practice with his  
father. This law firm of Maddox  
and Maddox continued until the  
death of his father in 1939.

Hire, a farm boy from Highland  
County who was graduated from  
high school in Greenfield, took his  
pre-law courses at Ohio State Uni-  
versity and was graduated from  
the College of Law of the University  
of Cincinnati in June of 1932.

In August of that year, he was  
admitted to the bar and came to  
Washington C. H. to start practice

with the late N. P. Clyburn, one of  
the city's prominent attorneys.

Six years later, he started prac-  
tice on his own in the offices he  
has occupied ever since. During  
the second World War, he closed  
the door, however, while he spent  
two years in the army.

ALTHOUGH BOTH Maddox and  
Hire are among the leading trial  
lawyers here now, they made it  
plain that the new firm would go  
into the general practice of law,  
just as the partners had as in-  
dividuals in the past. They both  
hold the belief that this is not the  
type of community for specializa-  
tion.

Maddox and Hire have some-  
thing besides their interest in  
law in common—politics. Both  
are staunch Republicans and  
both have been actively interest-  
ed in party affairs. Maddox is a  
past chairman of the county Re-  
publican committee and Hire is a  
member of the committee now.

Bath, who is to be associated with  
the new firm, took his pre-law  
course at Auburn College and his  
degree in law from the University  
of Cincinnati. After his discharge  
from the army after the second  
World War came here in 1950 from  
his home in Wilmington to enter  
the practice of his profession.

## 4 Children Die In Home Blaze

AKRON (AP)—Four children died  
early today in a fire at their home  
seven miles south of here.

Judy and Joyce Frederick, 6-  
year-old twins, were overcome  
with smoke and perished while  
their father, Kenneth, frantically  
smashed a casement window of  
their downstairs bedroom and then  
was unable to rescue them.

Dennis Frederick, 8, and his  
brother, James, 11, died in their  
upstairs bedroom.

## Minister Here Is To Go to Moscow

Rev. Clinton P. Swengel, pastor  
of Grace Methodist Church here,  
is going to Moscow, in the heart of  
Soviet Russia and the seat of the  
communist regime behind the iron  
curtain.

He is going there as a part of  
an extensive tour of Europe on the  
two-month Methodist group bent  
on research, sponsored by the  
church's Board of World Peace,  
with headquarters in Chicago.

The group, Rev. Swengel re-  
vealed, will be made up of 30 clergy-  
men and laymen of the church.

The purpose of the seminar, he  
said, is educational. Elaborating,  
he explained that the group hoped  
to interview what he described as  
key persons in several countries,  
including secretive Russia, in an  
effort to get an overall picture of  
World conditions in general and  
that portion of the World in particu-  
lar.

Rev. Swengel said the group  
seeks to learn something of the  
economic, political, social and re-  
ligious conditions through first-  
hand contacts and observations.

Admitting many of the details re-  
main to be filled in, Rev. Swengel  
said his appointment to the group  
came as a surprise. He pointed out  
that while the church was not pay-  
ing the expenses, arrangements for  
the interviews and the visits were  
made through the church and, he  
added, it would get the group into  
places and conferences with the  
key people that could not be  
achieved otherwise.

He said he had not had time to  
form any impressions of what he  
would see or expected to learn dur-  
ing the two months spent in  
Europe.

The group is to fly from New  
York June 26 to London and from  
there go to some of the important  
places and see some of the impor-  
tant people in London and other  
cities and towns in England, to

## Religious Fanatic Blamed For Slaying Of 3 In Dayton

DAYTON (AP)—"The Lord told  
me that banks and their presi-  
dents were the adversaries of  
God."

That statement, babbled by  
dying Richard Meyers, was one  
of the few clues police had today  
as they sought to determine why  
the 47-year-old man shot and  
killed three persons and critically  
wounded two others in two  
centrally located Dayton banks.

Religious, whom police called a  
"religious fanatic," walked into  
the Third National Bank about 10  
a. m. yesterday and began spray-  
ing bullets around with a 9 mm.

foreign-made pistol.

He then sprinted next door to  
the Winters Bank, where he wound-  
ed a guard and a bank executive  
before three policemen cut him  
down in a hail of bullets.

Eight slugs were found in his  
body. He died almost three hours  
later as he babbled incoherent, re-  
ligious-sounding phrases.

THE TOLL OF dead and wound-  
ed, left as an aftermath of Meyers'  
midmorning shooting spree,  
looked like this:

Dead were:  
George Sawaya, 60, operator of  
a local grocery chain; Mrs. Freda  
Cramer, 31, a bank secretary, and  
Joseph Gavin, 45, publicity direc-  
tor for WHIO radio and television  
stations here and a former Uni-  
versity of Dayton football coach.

The wounded:  
Wilfred M. Sherman, 54, a vice  
president at Third National, shot  
in the chest; R. H. Kastner, 59,  
assistant vice president at the  
Winters Bank, shot in the chest,  
and Mrs. Helen Burks, 48, a bank  
customer, shot in the stomach.

Two others, wounded but not  
seriously, were William L. Clark,  
76, shot in the arm, and John  
Thein, 72, a Winters bank guard,  
grazer on the face by a bullet.

Defectives questioning Meyers  
at the hospital quoted him as say-  
ing, "I received a message from  
God on Dec. 23."

As a sample of Meyers' inco-  
herent babbling, they quoted him  
as saying:  
"I require that which is in You,  
the very best application of the  
things I have in you, to annihilate  
the forces of iniquity. I ask you to  
do battle for me."

## Both Sides See Victory In Race Decision

Supreme Court's Stand  
On School Segregation  
Studied By Officials

By The Associated Press  
"Taking local conditions into  
account" seems to be the key  
phrase on which both sides of the  
public school segregation issue  
are hanging their hopes.

The U. S. Supreme Court yester-  
day afternoon ruled that public  
school segregation must end as  
soon as "practicable."

And the high court said lower  
courts should see to it that school  
authorities "make a prompt and  
reasonable start" toward comply-  
ing with its findings of last year  
that segregation is unconstitutional.

In Hillsboro, Ohio, one of the  
few places north of the Mason-  
Dixon Line where segregated  
schools have been operated, school  
Supt. Paul Upp says the Supreme  
Court's ruling is "exactly what we  
have been trying to do here."

Thirty Negro children remained  
away from school all year in Hills-  
boro in a dispute over where they  
should attend classes.

SCHOOL OFFICIALS cited over-  
crowding as one reason for not be-  
ing able to accommodate the Ne-  
gro children in Webster and Wash-  
ington schools. They were directed  
to attend classes at the all-Negro  
Lincoln School, pending comple-  
tion of a school-building program.

The dispute was taken to federal  
court, which declined to rule  
pending the Supreme Court ruling.

That ruling opened a back door  
for opponents by turning the prob-  
lem over to lower federal courts  
and by saying local conditions  
should be taken into account.

Georgia leaders, who are counted  
among the nation's strongest  
opponents of integration in public  
schools, stood pat on their vow  
not to mix white and Negro stu-  
dents in classrooms.

"Taking local conditions into ac-  
count," they said, "could result in  
many years of litigation."

An opposite view came from  
Mrs. Ruby Hurley of Birming-  
ham, Ala., regional secretary of  
the National Assn. for the Ad-  
vancement of Colored People.

"Apparently the court expects  
compliance in all the states which  
have laws governing segregation  
in public education," she said. "It  
also expects the lower courts to  
see that compliance is carried out  
in good faith."

## Release of More Americans By Red China Is Now Sought

By The Associated Press  
Even while four American  
fliers, freed from Red Chinese  
prisons, were winging their way  
to Hawaii, both United Nations  
and United States officials were  
renewing efforts to gain release of  
11 other Yankee aviators.

U. N. Secretary General Dag  
Hammaraskjold renewed his ef-  
forts through diplomatic chan-  
nels. He sent a new message to  
Communist Chinese Premier  
Chou En-lai on behalf of the 11  
still imprisoned.

He also conferred with various  
U. N. delegates and explored pos-  
sible diplomatic means to gain  
their release.

The atmosphere of the U. N. was  
optimistic. Diplomats expressed  
belief that Chou would release the  
other fliers soon.

In Washington, House Republi-  
can Leader Martin (Mass) said  
after a conference with President  
Eisenhower today that the govern-  
ment is "still pressing" for re-  
lease of more of the Americans.

Martin and Senate Minority  
Leader Knowland (Calif) both ex-  
pressed satisfaction that four U.S.  
airmen have been set free.

THE AIRMEN, released after  
more than two years in Commu-  
nist China, were shot down in the  
Korean War. They are Capt. Har-  
old Fischer Jr., 28, Sweet City, Io-  
wa; Lt. Lyle Cameron, Lincoln,

Neb.; Lt. Col. Edwin Heller, 36,  
Wynnewood, Pa.; and Lt. Roland  
W. Parks, 24, Omaha.

The fliers hailed their freedom  
in Hong Kong with a shout. "It's  
wonderful," and climbed aboard  
Gen. Douglas MacArthur's former  
personal plane Bataan.

They switched to Western-style  
meals, after more than two years  
of Chinese food, with zest. The Ba-  
taan is equipped with cooking fa-  
cilities and thick steaks.

The Bataan set down on Guam  
before dawn. The airmen rested  
two hours at Andersen Air Force  
Base, then pitched into a meal  
of fresh fruits, scrambled eggs,  
toast with marmalade and milk.

More fresh food was put aboard  
at Guam and the plane left for  
Wake.

The fliers ate dinner last night  
on Wake in a stop of about two  
hours. An Air Force spokesman  
said the meal was "plain but  
wholesome."

The spokesman said there would  
be no formal interviews on arrival  
in Hawaii but a news conference  
would be held tonight with "no  
strings attached."

The four were captured between  
September 1952 and January 1953.  
They were convicted of "intrud-  
ing" into Manchuria in "wanton  
invasion of Chinese territory." The  
Peiping radio said they had been  
convicted by a military court  
May 24 and ordered deported. It  
said their confessions and "re-  
morse" were taken into consid-  
eration in releasing them.

U. S. authorities say the four  
were shot down over North Korea.  
But they pointed out that U. S.  
planes crippled in battles near the  
border might have drifted into Chi-  
nese territory.

The local committees would al-  
lot only 14 acres or less when  
they assigned wheat quotas to  
growers hostile to the system,  
"and they were consequently dis-  
franchised," Barnes said.

Farmers with smaller places  
but favorable to wheat quotas  
might get an acreage allotment  
twice as great.

Barnes cited figures to show  
163,000 fewer farmers voted in the  
1955 crop-year referendum than in  
the previous one.

Chased By Police,  
Thugs Toss Cash

WARREN (AP)—Arthur McCann,  
who threw away money when  
chased by police, drew a sentence  
of 10 to 25 years in Ohio Peni-  
tentiary for armed robbery yester-  
day. He was convicted last week  
in a \$600 cafe robbery.

His companion, John Blair,  
changed his plea from innocent to  
guilty and was sentenced to 1 to  
25 years in the Ohio Reformatory.

Police said the men fled from  
the robbery scene in a yellow  
pickup truck, and when police  
gave chase, they threw wads of  
money out the truck window.  
About \$400 not recovered presu-  
mably was picked up by motorists.

Eggs Scrambled

ALBEMARLE, N.C. (AP)—Robert  
Wall had scrambled eggs the other  
morning. He told police he tried  
to prevent a sack of eggs from  
sliding off the car seat, took his  
eyes off the road for a moment  
and smashed into a telephone pole.

THE AIRMEN, released after  
more than two years in Commu-  
nist China, were shot down in the  
Korean War. They are Capt. Har-

before dawn. The airmen rested  
two hours at Andersen Air Force  
Base, then pitched into a meal  
of fresh fruits, scrambled eggs,  
toast with marmalade and milk.

More fresh food was put aboard  
at Guam and the plane left for  
Wake.

The fliers ate dinner last night  
on Wake in a stop of about two  
hours. An Air Force spokesman  
said the meal was "plain but  
wholesome."

The spokesman said there would  
be no formal interviews on arrival  
in Hawaii but a news conference  
would be held tonight with "no  
strings attached."

The four were captured between  
September 1952 and January 1953.  
They were convicted of "intrud-  
ing" into Manchuria in "wanton  
invasion of Chinese territory." The  
Peiping radio said they had been  
convicted by a military court  
May 24 and ordered deported. It  
said their confessions and "re-  
morse" were taken into consid-  
eration in releasing them.

U. S. authorities say the four  
were shot down over North Korea.  
But they pointed out that U. S.  
planes crippled in battles near the  
border might have drifted into Chi-  
nese territory.

The local committees would al-  
lot only 14 acres or less when  
they assigned wheat quotas to  
growers hostile to the system,  
"and they were consequently dis-  
franchised," Barnes said.

Farmers with smaller places  
but favorable to wheat quotas  
might get an acreage allotment  
twice as great.

Barnes cited figures to show  
163,000 fewer farmers voted in the  
1955 crop-year referendum than in  
the previous one.

WARREN (AP)—Arthur McCann,  
who threw away money when  
chased by police, drew a sentence  
of 10 to 25 years in Ohio Peni-  
tentiary for armed robbery yester-  
day. He was convicted last week  
in a \$600 cafe robbery.

His companion, John Blair,  
changed his plea from innocent to  
guilty and was sentenced to 1 to  
25 years in the Ohio Reformatory.

Police said the men fled from  
the robbery scene in a yellow  
pickup truck, and when police  
gave chase, they threw wads of  
money out the truck window.  
About \$400 not recovered presu-  
mably was picked up by motorists.

## Auto Industry Solid Front Hinted Broken

Strike Next Monday  
Confronting Firm If  
Negotiations Bog Down

DETROIT (AP)—The Ford Motor  
Co. was reported today to be  
ready to talk about a union-de-  
manded guaranteed annual wage  
as the union extended its Ford  
contract to next Monday morning  
to provide more time for negotia-  
tions.

John S. Bugas, Ford's vice  
president for industrial relations,  
declined to brand as untrue the  
reports published in Detroit  
newspapers as he entered crucial  
negotiations with a walkout  
of Ford's 140,000 employees hang-  
ing in the balance.

The session was delayed an hour  
when the CIO United Auto Work-  
ers asked for more time to con-  
sider new concessions offered by  
Ford.

"I'd rather not comment," Bug-  
gas replied when asked about the  
reports that Ford had broken the  
solid auto industry stand against  
UAW's year-around pay plan.

One Detroit paper said it was  
informed that Ford had indicated  
it might grant jobless payments to  
laid-off workers supplementing  
state unemployment compensa-  
tion. This idea is considered one  
of the key points to the UAW plan.

The Detroit Times said Ford has  
"reportedly announced its willing-  
ness to bargain on the principle of  
the guaranteed annual wage."

The Times said the company's  
"latest offer" to the UAW in con-  
tract talks "at least" paralleled  
the union proposal though falling  
short of UAW actual demands.

"FORD'S RETREAT from its  
previous adamant stand xxx ap-  
parently gave Reuther (UAW  
President Walter Reuther) the  
wedge he was seeking," the paper  
said.

There was no immediate com-  
ment from the company or union  
on the Times story.

At least a partial work stoppage  
loomed this afternoon at Ford's  
huge Rouge plant. A mass meet-  
ing called by Local 600, the uni-  
on's largest single unit, to discuss  
progress in the negotiations was  
expected to delay second shift  
workers in reaching their jobs.

Apparently forgotten in the in-  
tensive bargaining was the UAW  
proposal that Ford and the uni-  
on submit their rival plans to  
the company's 140,000 workers  
so they could make a choice  
binding on the negotiators.

## BPW Club Here Wins Top Award

### 17 From County At State Convention

The Business and Professional Women's Club here has a sizeable feather in its cap today.

When the 17 Fayette County women who attended the state convention in Dayton returned home, they brought with them the first place award in a competition for publicity scrapbooks.

The club, like all others in the state, kept a scrapbook of clippings from newspapers and notes on other publicity received during the past year.

The local group's scrapbook was judged by a committee of BPW officers and was named top in its class — which included books from all Ohio clubs from cities of 5,000 to 50,000 population.

Head of the scrapbook committee was Mrs. Lowell Miller and the other members included Miss Norma Dodd, Miss Elizabeth Horney, Mrs. Wilbur Morgan, Mrs. Gladys Ramey, Mrs. June Ramey, Miss Druscilla Rogers, Mrs. Fred Shoop, Miss Adelaide Wiggington and Mrs. Madge Winter.

**DELEGATES AND** alternates from here who attended the three-day convention, held over the Memorial day weekend at the Hotel Biltmore in Dayton, were Mrs. Howard Dellinger, Mrs. Smith Mace, Miss Mary Frances Snider, Miss Marie Melvin and Mrs. Faith Pearce.

Mrs. Fern Chaffin, Miss Norma Dodd, Mrs. Frank Hyer, Mrs. Lelia M. Smith, Mrs. O. M. Montgomery, Mrs. William Rogers, Miss Mary Sauer, Miss Ruth Sexton, Miss Frances White, Mrs. Wilbur S. Wilson, Miss Edith J. Wilson and Miss Mary Jo Cullen.

The convention opened Friday afternoon with greetings from the Xenia club, the hostess group, and with the business meeting. On Saturday, the day when the club here won its first place award in the scrapbook competition, members of all the Ohio clubs voted for officers.

A banquet brought Saturday evening's activities to a close. Following devotions Sunday morning, the new state officers were announced by the elections committee.

Miss Helen Reisinger of Cincinnati is the new state president. Mrs. Dorothy Flechtner of Findlay was elected first vice president and Mrs. Lucille Cowan of Xenia, second vice president.

After a luncheon Sunday afternoon, the convention adjourned, sending home the women from here with their award clutched tightly.

## Little League Opener

(Continued from Page One) held Tuesday evening at the High School diamond on Circle Avenue, with about 60 boys showing up to prove their skill. Another crowd of kids is expected to turn out at 6 P. M. Wednesday evening, too, when a second tryout session will be held for would-be members of the minors.

The youngsters who have made the major league are getting their physical examinations Wednesday and Thursday at the offices of four doctors who are members of Rotary, the sponsoring club. Each of the four, Dr. Frank King, Dr. Robert Woodmansee, Dr. James Rose and Dr. J. H. Persinger, will examine the members of one team. Friday will be meeting day for all these major-leaguers. All are asked to turn up at Wilson Field with their mothers. The League board hopes to form a Mothers' Association to help run the concession stand and to pass the hat at games.

The meeting of mothers and youngsters is slated for 6 P. M. Friday.

## Blessed Events

Mr. and Mrs. Nathan Cooper of Sabina are the parents of an eight pound daughter, born in Memorial Hospital, Wednesday, at 2:25 A. M.

## Ohio's Narcotic Problem Is Told To Rotarians

K. E. Krouse, Assistant To Atty. Gen. O'Neil Is Tuesday Speaker

Facts about the illegal narcotic problem in Ohio, most of which they had not known previously, were presented to Rotarians and guests at Tuesday's luncheon meeting at the Country Club.

The speaker was Kenneth E. Krouse, administrative assistant to Attorney General C. William O'Neil. He was presented by the day's program chairman, Howard D. Fogle.

KROUSE, WHO with several other members of O'Neil's staff has been making a two years' study of this question, preparatory to the recommendation of a bill now pending in the Ohio General Assembly to strengthen Ohio laws to combat this evil, gave his hearers some astounding facts.

He said that there are over 15,000 addicts in Ohio today, five men to every one woman; that over 4,000 arrests in connection with narcotics had been made in this state in the last eight years, with 231 known deaths due to illicit narcotics within that period.

Today \$1,500 worth of raw heroin purchased in Sicily, or a like amount paid to sellers of similar drugs in China, is worth over \$1,000,000 when sold to narcotic victims and peddlers in the city of Cleveland, the speaker related.

The average addict, he asserted, will spend from \$10 to as much as \$30 a day, when he or she reaches the agonized craving stage and will do anything to obtain the money for more drugs of this nature.

Approximately \$75,000,000 is now being spent in Ohio every year for illegal narcotics. The huge profit to those who illicitly deal in these drugs makes them willing to take big chances, not only in making sales but also in ruining the lives of many people.

HOWEVER, KROUSE said, the addicts are not the big problem. The fact that Ohio has been easier on the illegal narcotic dealer than any surrounding state and than in most states if the country, has made this an "island" state which was an easy invitation for unlawful narcotic sales. The young people who are making use of narcotics has reached an alarming stage.

The new law now being pushed through the Ohio General Assembly not only raises the penalties for illegal sales, but also is reported to be making a model approach to this whole problem.

The growth of the illegal narcotic business among the younger people, is proving one of Ohio's

great headaches for authorities, the speaker declared. There is great need to impress all residents of the state with the importance of warning and educating young people against taking the first step, which usually leads to the downfall of many.

Once a confirmed user of these drugs, the victim will be easy prey for peddlers and others back of them, to be persuaded to go out and get several other five or six young people to start such drug use of "a thrill" or in some social way, in order to obtain money to buy their own supplies.

Many times teen-agers get a start in the narcotic habit by being persuaded to smoke a marijuana cigaret, just for the fun of trying it.

THE EMOTIONAL instability of those who become users of illegal narcotics, is a pathetic sight, Krouse said. He cited an example of what befell a young Ohio girl of fine background and good family, whom he invited to note her condition, while gathering material in the study of this problem for the proposed new Ohio law. His description of this 23 year old girl's plight was startling in its realism.

The speaker held his hearers in closest attention during his informative talk and when he concluded President Finley thanked him for bringing to the club this story of one of our state's worst social problems.

DURING THE preliminary business before the club birthday greetings were sung for Ray Brandenburg and W. A. Smith who contributed to the youth fund.

In the absence of William Clift, the club's musical director, Bedford Carpenter was called upon to lead the singing. In doing, he introduced a couple of surprise innovations whereby some club members were placed in the spotlight.

The only visiting Rotarians at this meeting was Thomas Bahl of Fullerton, California. Other guests were Edward Bahl, of Dayton, brought by his Rotarian brother and Rollo Marchant, guest of Edmond Woodmansee.

### Bender Takes Poll On Formosa Policy

WASHINGTON (AP)— Sen. Bender (R-Ohio) says a poll he took among Ohioans showed them "overwhelmingly" in favor of defending Formosa and using of atomic weapons is needed.

Bender said the vote was 32,484 to 6,785 in favor of Formosa's defense; 27,825 to 7,715 in favor of defending Quemoy and Matsu, and 24,660 to 8,327 in favor of using atomic weapons. Bender said the poll was taken among registered Ohio voters.

## Dangerous Opposition To Military Reserve

More people are concerned seriously over recent action by the House in Congress in its vote to sidetrack the proposed national military reserve bill than the average person thinks.

There has been some rather bitter debates on this subject which has led to much general discussion over the country and to some conclusions which may not be formed on a sound basis.

Except for professional soldiers and the relatively few civilians who make soldiering a hobby nobody in this country cares much for military service. Therefore the reserve bill is not a popular measure, as the debate made clear. It came in for plenty of criticism from its opponents.

However nothing that has been said refuted the soundness of this military reserve plan's fundamental purpose. That is to establish behind the limited regular forces a reserve of civilians trained and assigned to specific tasks, ready in fact as well as in name to come instantly to the defense of the country in case of war.

Theoretically we have such a reserve; actually most of it is on paper. That is because there is at present no way to make men perform active duties with the reserve as the law stipulates. Relatively few do so voluntarily.

The reserve bill aims to enforce that

performance of duty. It attempts also to equalize the burden, as far as is consistent with efficiency, so that every individual performs his fair share. If, in practice, it is found that there are inequalities or that the bill does not operate as expected, it can be corrected by amendment.

At this time we are reported to be facing the prospect of a Big Four conference which the Russians will attend. It is significant that the Russians have made no move to reduce their forces.

The Russians are not relieving their young men of any of their military obligations.

President Eisenhower has emphasized how failure to maintain our armed forces would weaken our position at the conference table. We should not be so naive as to believe anything but that the Russians are watching what Americans are doing.

We suspect that its opponents greatly overestimate the public objection to this military measure. In so far as it will clarify the military obligation it should be welcomed by the many young men who now are kept in suspense over when and how their duties are to be performed. And surely the vast majority of the public would approve if they realized how helpless this country would be without a ready reserve in time of grave emergency.

## Initiative Given Reward

By Hal Boyle

NEW YORK (AP) — Everybody complains about juvenile delinquency in America. But who is doing anything to reward earnest teen-age kids who do face up?

Industrialist W. W. Sebald of Middletown, Ohio, fell to brooding over this a year ago.

"I got tired of hearing about nothing but delinquent kids," he said. "We are living in flush times, and I think children are too used to taking money from their parents. Two few are developing their own initiative and earning their own way."

"But it isn't enough merely to complain. We need to put a focus of attention on the kids who go out and do things for themselves."

Sebald, president of the Armco Steel Co., found his own answer in a series of "self-reliance awards" for high school seniors. Helped by the Junior Chambers of Commerce, he has handed out \$3,000 from his own

pocket in prize money to some 20 students "for doing the most they can with the best they have."

The prizes range from \$50 to \$400, and they have uncovered heartening evidence of hundreds of teen-age boys and girls working hard against all kinds of handicaps to win achievement.

"We were rather surprised at the amount of self-reliance 'we did find,'" admitted Sebald, who is now ready to dig deeper into his pocket to help the idea of the contests spread to other towns.

Examples: One youngster was working 97 hours a week, and still attending school. An honor student had borrowed money to buy a farm for his father. . . . A girl was paying all her expenses in school by holding three outside jobs at the same time. . . . A boy, also working his way through school,

still managed to contribute 10 per cent of his earnings to the church he attended.

The \$400 prize winner in Middletown this year, Willie Napoleon Clements, a Negro youth, worked 52 hours a week at three jobs. He delivered newspapers, worked in a wholesale produce house and clerked in a grocery store. Yet he also played on the high school football and track teams, took part in school plays, was active in his church, and was elected to the National Honor Society.

Sebald himself is a self-made man. Starting as a \$30 a month office boy with the steel company 49 years ago, he worked up through the ranks to his present post, which last year paid him \$245,000.

During his own high school career he drove a laundry wagon during the day, played in a dance band at night.

## March Of Progress With Science

By George Sokolsky

Truly this is a wonderful age and if one lives long enough he will see everything. It is not only the Atom and Hydrogen bombs that stir the imagination, but I received a notice of a "hair center" serviced by men. I thought that all barbers were men and by their voices and their conversation and similar overt indications, I never doubted it. And since infancy, a barber shop has been a pleasant enough place to go, but maybe in these modern times, we shall call them "hair centers."

Artichil Gourielli, who is actually opening this "hair center—served by men," says that his is the first of its kind. Never having heard a barber shop called a "hair center" before, I realized that here indeed was something new like the "Nauticus" or the Salk vaccine or co-existence, which are still indications that human ingenuity never ceases and that still greater wonders are in the offing.

Anyhow, this "hair center" will provide skin and scalp treatment to make men good looking which is a response to the age of glamour. Even candidates for the presidency must henceforth be glamorously photogenic to please their television audiences.

No longer is a man to puff out his hairy chest to prove his manhood in the manner of Hemingway or to show the enormity of his muscles like a statuesque Sandow. Rather his face is to be browned like a Miami Zoroastrian or dulled to avoid glare in the camera. In this way he is not only to be good-looking but also comfortable.

It is also said that young-looking men have the widest opportunities for professional success, which shows how ignorant most of us are, because it used to be said that to succeed one had to know something, work hard, be thrifty and even honest. Surely neither Abraham Lincoln nor Albert Einstein were very good-looking or even young-looking but they both were successful, each after his fashion. In fact, many of the most successful men that ever lived cared little about whether each hair lay upon the statefully dome as though it were shellacked. Of course, men

might imitate the teen-agers and wear a horse's tail or revert to the older Chinese custom of braiding their hair into a pig's tail.

They have a job in this progressive barber shop which they call a contour hair-cut. I do not quite know why that is different from any other hair-cut because when the barber clips the hair, he must follow some kind of a contour, for the simple reason that the hair is on the head which is more or less like the side of a hill, except for those who have flat heads and they are very few in these parts. The style called a "crew cut" does make fine-looking boys resemble German military officers who in World War I were supposed to have flat heads, particularly when we were conducting a universal propaganda against them. Now that our own sons have copied their hair-cut, we approve, which shows how public opinion can change with the shift of the wind on this or any other subject.

I also note that a complete color range is carried for old-looking and graying heads. This is the last word in human progress. We no longer have any gray beards because we do not

have beards. Now we are not to have distinguished-looking men whose silvery hair gives the appearance, if not the substance, of wisdom and experience. Every man will color his hair perhaps to match his wife's. By using dyes out of the same batch, unity will be restored in the household and thus will be solved some of our most serious problems, such as the high divorce rate, broken homes and juvenile delinquency.

In fact, the press agent who sent me the account of this new wonder says that "the accuracy of color matching is fantastic," as it well might be. With industry and commerce cutting off men in their prime by retiring those who have the greatest experience in favor of those who have the least, it will now be possible for the aged to become juvenile by having their hair properly dyed—perhaps a platinum blond. Sclerosis and senility will thus be denied their victims.

One thing is missing in this great advance of the human race. Nothing is said about the painting the finger nails according to one's politics—blue for Republicans, pink for the Democrats, and a deep maroon for those who do not know better.

Tooth Decay Is Less Among Gum Chewers

By HERMAN N. BUNDESEN

Like to chew gum? Well, go ahead. A recent experiment made by two dental professors showed that gum-chewing slowed down acid formation in the mouth enough to prevent serious tooth decay.

Drs. A. A. Yurkstas and William Emerson, both of Tufts College Dental School, reported findings to a recent meeting of the International Association for Dental Research in Chicago. Volunteers in the experiment, they explained, rinsed their mouths with a sugary solution which simulated effects of eating sweet dessert. Some of the volunteers then munched a stick of gum; the rest did not.

The results proved that the gum chewers had the advantage. In comparing them with the non-chewers, Drs. Yurkstas and Em-

erson say, the acid formation in the film over their teeth was slowed down 36 percent. Acid concentration reached the "critical level of decalcification 50 times among non-chewers and only 14 times among the gum munchers," according to the doctor's report.

The reason for this is fairly simple. Gum-chewing stimulates the flow of saliva. This helps clear the mouth of sugar which produces acid.

There is overwhelming evidence that sugars help to cause tooth decay, the researchers say, but add that all foods with a sugar content are not necessarily dangerous to the teeth.

### Low Sugar Content

In other words, it's the sugar that sticks to your teeth that hurts you, not the sugar you swallow.

All chewing gums, of course, do not behave in exactly the same way. Some have lower sugar content themselves and others stimulate saliva more rapidly. Of the three gums tested, the doctors said, one was 50 to 75 per cent more effective in slowing acid formation than the other two.

### QUESTION AND ANSWER

M. H. W.: What is the cause of a nervous stomach and what can be done for it? X-rays show no organic trouble.

Answer: Nervous indigestion is due to the incorrect action of the stomach.

The treatment for nervous indigestion may include changing certain habits. Worry and overwork must be eliminated; the diet must be simple. In severe cases prolonged rest in bed may be necessary.

## Ohio Loses Vast Part Of Cropland

COLUMBUS (AP)—T. C. Kennard, Ohio conservationist for the U. S. Soil Conservation Service, says Ohio has almost a million acres less of cultivatable land this year than in 1942.

That was determined in a survey made in each Ohio county by service personnel who assisted conservation districts in solving some of their soil and water problems.

He said this loss in acreage has not come about as the result of erosion but by a switch in land use from agricultural to non-agricultural purposes.

## The Nation Today

Associated Press News Analyst

WASHINGTON (AP)—It will be years before racial segregation in public schools is wiped out everywhere in this country—in spite of the Supreme Court's order to end it—and then probably only after a lot of court fights.

The rate at which segregation disappears depends upon the co-operation or defiance of individual states with the high court's decision.

Officials in five places—the District of Columbia, Virginia, Delaware, South Carolina and Kansas—were told by the court they would have to begin promptly to work out a plan for abolishing segregated schools.

But authorities in all other segregated states can try any dodge they can think of to get around the court's ruling.

On May 17, 1954, the court ruled on an appeal by Negroes who protested against segregation in the District and the four states mentioned above. The court said public school segregation is unconstitutional and had to stop. But it did not say how to do it.

The court then asked all the states with segregation to chew over the problem and appear later with suggestions for wiping out their double school systems.

In April the nine justices listened to attorneys for the Negroes, attorneys for the segregated states, and U. S. Solicitor General Simon E. Sobeloff, who represented the Justice Department.

The Negroes asked for an end to all segregation no later than September 1956. Generally, the states asked the court not to fix a deadline. Rather, they said, the court should let federal district

judges work out the problem with officials in their states and local communities.

Sobeloff also suggested federal district judges be allowed to handle desegregation with the authorities within their jurisdiction. The idea behind this was that different communities have different problems.

The Supreme Court gave its decision Tuesday. It did not say precisely how or when segregation shall be ended.

The court, addressing itself to the Supreme Court of Delaware and the district judges whose jurisdiction covered the other four original defendants, told them to require the authorities in their area to make a "prompt and reasonable" start toward ending segregation. It said a reasonable time could be allowed for carrying out

the desegregation plans. The federal judges outside those five areas were not told by the Supreme Court to require any action by the authorities in their territory. One of the best informed lawyers in the government said this could happen:

The judges don't have to do anything unless Negroes appeal to them to carry out the Supreme Court's order against segregation. Once that starts, if the local authorities protest, a court fight begins.

How many such fights are possible? No one can say. In the end the states will lose because the court Tuesday said that any state or local laws which conflict with its ruling are unconstitutional.

## "Mary Haworth's Mail"

DEAR MARY HAWORTH: Three years ago I met a young Army officer who was stationed in the East. We dated throughout the first summer we met, but then it was college for me, and overseas service for him.

We corresponded for 18 months while Dick was overseas. When he returned, he stayed at our home for a couple of days before going on to the middle west, where he lives. A year passed and he made a trip to our eastern city, where he spent a week with us—my widowed mother and me.

During dinner with some family friends while Dick was here, these friends mentioned that they were planning a trip to his part of the country this summer. Dick immediately asked if it would be possible for them to bring me along when they make the trip, as he would like me to meet his family. Frankly I am very fond of Dick and he seemed very intent on having me meet his folks.

**Mother Votes 'No'**  
Now the problem is, these friends will gladly take me along, but my mother doesn't think it is proper for me to go and stay with Dick's family for a week or so. Dick has said he will have his mother write, formally asking me to stay with them. Still my mother isn't sold on the idea.

I am 21 and Dick is 25, and I feel that if I were staying with his family, at his mother's invitation, the visit would be perfectly proper. Kindly give us your advice on this.

C. C.

**Attitude Impeccable**  
DEAR C. C.: Your mother's objections to the proposed visit must be subjective and emotional, not based on objective consideration of the proprieties. Nothing could be more correct, according to standard etiquette, than Dick's manner of promoting the whole idea. Look at the record:

In company of your mother and her friends, he takes opportunity to broach the invitation and enlist right chaperonage. Also he says nicely that his mother will write, formally asking you to be her guest. In short, he guarantees that you will be made welcome, and that your mother shall have documentary evidence of this in advance in the form of a letter from his mother.

That's just about as decorous as a swain can be, in trying to bring about a friendly interchange between his parents and his best girl (and her guardians). And I gather you are Dick's best girl, in his mind, at any rate. He seems to be courting you the old fashioned way, at a measured pace, allowing plenty of time for individual growth, and social comparisons and quietly matured decisions on both sides.

**She'll Be Safe**  
Since you met Dick at age 18, with college still ahead, perhaps he feels he must wait until you are fully grown before he may properly speak of marriage to you. Or maybe he is waiting to see what kind of woman you are going to become, before he invites serious consideration of a lifetime partnership possibility.

Your mother's reluctance to have you visit Dick's people may reflect unconscious fear of "losing" her daughter to a mate as the prospects of marriage begin to draw nigh. But that is a risk she has to face, and a deprivation of sorts she must philosophically accept in season, if she is to continue her own growth as a person.

If Dick's mother asks you to visit, and you go, I think your mother may rest assured that you will be well supervised. The average man's mother is pretty determined to keep him out of the clutches of other women as long as she can; and I'll wager Dick's mother is no exception to the rule. So my advice to your mother is: relax and let you make this visit with her blessing if you get the chance—relying upon Dick's mother to supply both the letter and spirit of "safe conduct."

## Durable Badman Patched Up Again

DALLAS, Tex. (P)—Jettie Bass, 41, was released from a local hospital yesterday just five days after he was dismembered and cut about the head in a street fight. Bass, regarded as Dallas No. 1 hoodlum by police, survived 19 machinegun slugs in 1952 when he was caught in a police ambush during a burglary.

Ex-convict Raymond Pope was charged with assault in the latest injuries to Dallas' durable badman.

## Medics Asked To Cooperate On Polio Shots

CHICAGO (P)—The American Medical Assn. has asked its members to cooperate in a government priority plan for polio inoculations of children 5 through 9.

Dr. Walter B. Martin, president of the AMA, said: "The AMA has been assured that technical problems relating to the safe manufacture of polio vaccine have been worked out and vaccinations will move ahead."

Dr. Martin said that children in age group 5-9 who do not receive the vaccine during the current program of the National Foundation for Infantile Paralysis for first and second-graders will be vaccinated after its completion.

The AMA, Dr. Martin added, "is asking all physicians to administer vaccine only to children in the priority age group until further notice. This will assure that the vaccine will be used first for those most susceptible to the disease."

He said the voluntary program follows the recommendation of the National Advisory Committee on Poliomyelitis Vaccination approved by Secretary Oveta Culp Hobby.

He said the physicians will keep a record of each child vaccinated, including the name, age and date of vaccination, the manufacturer of the vaccine and the lot number.

## ATTENTION: TV VIEWERS

As the summer months approach again we wish to remind our customers as to what to expect in TV reception. Normally, TV signals arrive at our sets only by surface waves which travel along the surface of the earth. Due to the curvature of the earth this limits reception, under normal condition, to approximately 100 miles.

As the more intense rays of the sun in the summer months arrive we do occasionally receive TV signals over another path; signals reflected back to earth by an ionized layer several miles above the earth. This is the type of reception which we commonly use for broadcast and short wave radio reception. TV signals coming in over this path may arrive at your set from several hundred miles. This means that a local channel, such as Columbus or Dayton, may experience severe disturbance from stations on the same channel but many miles away. This condition has already started this summer and is recognized by wavy lines in the picture of your TV set. It is also recognized by the fact that it occurs more frequently on low channels, such as Ch. 2 or Ch. 4 than on high channels, such as Ch. 7 or Ch. 10.

If you notice this condition; check several channels, and preferably check with your neighbor before phoning your TV serviceman.

There is nothing the serviceman can do to your set to improve reception in such cases. If you have a rotary antenna or a switcable antenna, changing the direction of reception may help.

We are unhappy to report that a phenomenon, known as the sun spot cycle, will make this type of interference much worse during the summer months for the next few years. This sun spot cycle follows a eleven year cycle and is, in 1955, starting towards the portion of the cycle that favors reception of TV signals from distance points.

If we may be of service we will be happy to do so.

Thank You,  
C. J. Yeoman, Service Mgr.

Dozen Groups Will Go To Sabina

A dozen groups from the Wilmington, Cincinnati, Lima, Dayton and Springfield districts of the Methodist Church, are scheduled for sessions at the Sabina Camp Grounds during the summer, according to Rev. C. A. Arthur, secretary of the camp grounds organization.

Eight of the groups are intermediate youth fellowship, one is the Women's Society of Christian Service, one the Wesleyan Service Guild and the other is Cincinnati Methodist Men.

Intermediate groups will include children entering the seventh, eighth and ninth grades in the fall and Youth Institute are those entering 10th, 11th and 12th grades. Cost per person depends upon the number of days spent at the camp and number of meals.

The schedule is set up as follows:

**JUNE 17-19**, Cincinnati Methodist Men, directed by Francis Dale, Cincinnati.

**June 19-24**, first group of Springfield District Intermediates, directed by Rev. George Pohlman, Urbana.

**June 26-July 2**, Wilmington District Youth, directed by Rev. Elwood T. Rose of Jamestown.

**July 3-8**, Wilmington District Intermediates, with Rev. Virgil Hamilton of Leesburg, former pastor of Clarksville Methodist Church, in charge.

**July 10-15**, three district WSCS groups directed by Mrs. Charles Bailey, Middletown.

**JULY 16-17**, Wesleyan Service Guild, directed by Miss Helen Rayner of Columbus.

**July 17-22**, first group of Lima District Intermediates, directed by Rev. Dwight Woodworth and Leeland Wiley of Lima.

**July 24-29**, first group of Dayton District Intermediates, with Rev. Frank Ferguson of Dayton directing.

**July 31-Aug. 5**, second group of Springfield District Intermediates, directed by G. Keith Nash of Mechanicsburg.

**AUG. 7-12**, Cincinnati District Intermediates, directed by Rev. Howard W. Spitalne of Cincinnati.

**Aug. 14-19**, second group of Dayton District Intermediates, directed by Rev. Ferguson.

**Aug. 21-26**, second group of Lima District Intermediates, directed by Revs. Woodworth and Wiley.

Inquiries about the summer schedule and groups may be addressed to Rev. Arthur or Rev. Edwin H. Dickey, superintendent of the Wilmington District, 17 Peterson Place, Wilmington.

## Ex-Con Grabbed For 5 Attacks

CINCINNATI (AP)—Recently freed from Ohio Penitentiary, a 30-year-old Cincinnati man today was held by police following a series of attacks on women in Walnut Hills. No charges had been filed.

Police said five women identified Samuel Pegg as the man who attacked them late Saturday and early Sunday. Two women said they were raped; three said they escaped after being grabbed.

Pegg was picked up early yesterday while asleep behind a bar. He told officers he had been drinking heavily the last four days and "blacked out."

## Polio Kills Mother

FORT WORTH, Tex. (AP)—An 18-year-old mother who gave birth to a daughter in an iron lung died last night, Mrs. Charles Ray Thomas was stricken with polio Aug. 3. The daughter continues in good health.

The expectation of life at birth in the United States is 7 1/2 years less for nonwhite males than for whites and 9 years less for females.

## 4-H Club Activities

### 4-H CHAMPS

The members of the 4-H Champs met at the home of George Iden recently to discuss the 4-H camp at Clifton. Several of the members plan to attend the camp, which is located near Yellow Springs in Greene County.

The youngsters planned to turn their project books over to their advisor, John Cook, by the next meeting, slated for June 6 at the home of David Heistand.

Larry Cleland, the president, led the meeting and appointed David Heistand and Jim Hidy recreation leaders for the next meeting.

After a round of games, George Iden served refreshments.

### STAR FASHIONETTES

Members of the Bloomingburg Star Fashionettes met at the school recently to work on their sewing projects.

The president, Jean Conaway, opened the meeting with devotions and led the business session. Betty Lou Moberly called the roll, with 10 of the 14 members answering.

Janet McConaughy led the group singing and Kay Heistand led the group in games.

Mrs. Lloyd Moberly, the advisor, served refreshments, assisted by Nancy Nessell.

### MERRY STITCHERS

The Merry Stitchers met at the home of Joyce Rhoads recently to plan their booth at the Fair.

Six members answered the roll call, read by Cora Shaw. After the plans for the Fair booth were completed, the meeting was closed with the 4-H pledge. Joyce served refreshments.

The next meeting will be held at Cora Shaw's home. Advisors are Mrs. Caryl Williams and Mrs. T. D. Chaney.

### KUTE KUTTERS

Thirteen members of the Kute Kutters met recently at the home of Eleanor, Charlotte and Marty Moats. The meeting was called to order by the president, Anna May Coe, and each girl answered the roll call by telling what she plans to do this summer.

The youngsters planned a bake sale for June 18 at the VFW Hall in Jeffersonville. Posters for the sale will be made by Eleanor or Moats, Betty Jean Coe and Anna May Coe.

Marty Moats gave a demonstration, showing the steps in making a pan holder. Eleanor Moats showed how to make a napkin and Charlotte Moats demonstrated the way to lay a pattern.

Mrs. Myron Smith was a guest of the club. The advisor, Mrs.

## Blue Cross Sign-up Here Is Next Week

Next Monday, Tuesday, and Wednesday, June 6, 7, and 8, are the days when residents of Washington C. H. and Fayette County can become members of Blue Cross during the annual community enrollment.

Mrs. Mary Ellen Dellinger, president of the Business and Professional Women's Club which sponsors the drive, commented that the enrollment will not be held again for a year.

This, the 10th annual community enrollment in Fayette County marks the 25th anniversary year of the Blue Cross plan. Born of the depression among a group of Dallas, Texas, school teachers in 1929, the plan has grown to a present membership of nearly 47,000,000.

Blue Cross is the hospitals' plan designed to meet an emergency before it happens, through voluntary prepayment.

When a Blue Cross subscriber requires hospital care he is covered for 16 major hospital services and may receive 30 days care in a semi-private room. Included among the benefits are laboratory work

## Amos Alonzo Stagg Returns To His Old Chicago Haunts

CHICAGO (P)—Amos Alonzo Stagg, "The Grand Old Man of Football," returns to the scene of his greatest triumphs today for a reunion with some of his old University of Chicago Maroons.

Along with Stagg will be his wife and "assistant" coach, Stella. On hand to greet the 92-year-old "youngster" will be eight members of the famous 1905 football team which went undefeated to capture the Western Conference title.

That was the year of one of Fielding Yost's greatest "point-a-minute" Michigan teams. In winning 12 games, Michigan rolled up 45 points and held the opposition scoreless.

But one Saturday afternoon, Michigan and Chicago staged a brilliant defensive duel. For three solid quarters and most of the final period, neither team was able to score.

Then Chicago's Walter Eckersall

sent a booming 60-yard punt into the end zone. Michigan's Danny Clark took the kick but before he could run it out, he was tackled in the end zone by Art Badenock and Mark Catlin.

The final score was Chicago 2, Michigan 0. Catlin, Badenock, Merrill Meigs, Jesse Harper, Bill Boone, Ed Perry, Les Larson and Fred Walker—all members of the 1905 team—will join Stagg today.

Also present will be some members of the 1905 track, baseball and basketball teams, all of which were coached by Stagg.

Stagg, a great athlete at Yale from 1884-1890, began coaching at the University of Chicago in 1892, the year the school opened.

He coached through 1932 when he was automatically retired at the age of 70. Unwilling to sit back and watch, Stagg later coached at the College of the Pacific where his 1943 team upset enough national powers to gain Stagg the "Coach of the Year" acclaim.

After his tenure at the College of the Pacific and having passed 90, Stagg served as advisory coach to his son, Amos, Jr., at Susquehanna University (Pa.) before retiring to Stockton, Calif.

Stagg, who introduced college football to Chicago, returns at a time when a group of students at the campus are trying to restore football at the university. Their cry for "football by 1960" will undoubtedly bring joy to Stagg.

The one time All America end was in tears when the Maroons abandoned the game in 1939. Likewise, he protested vigorously when he found many schools dropping athletics because of World War II.

## Willie Pep Due In Television Bout

BOSTON (P)—Willie Pep, two time former featherweight champion, is fighting Joey Cam of East Boston tonight in a scheduled 10 rounder which will be televised nationally at 9 p. m. EST.

The fight takes the place of the Jimmy Carter - Wallace (Bud) Smith lightweight championship originally scheduled for this date but postponed until June 29.

Cam has won 32 of 37 pro bouts and has an elusive style to challenge Pep's experience.

## Redlegs Option Pitcher To Cuba

CINCINNATI (P)—The Cincinnati Redlegs have optioned pitcher Corky Valentine to Havana of the International League on a 24-hour recall basis.

Valentine, a 25-year-old right-hander from Troy, made the jump last year from Columbia of the South Atlantic League to the majors and compiled a 12-11 record with a 4.45 earned run average.

This year, however, he has been unable to hit a winning stride and has allowed 29 hits and 22 earned runs in 27 innings.

## Illness Of Judge Stalls Death Trial

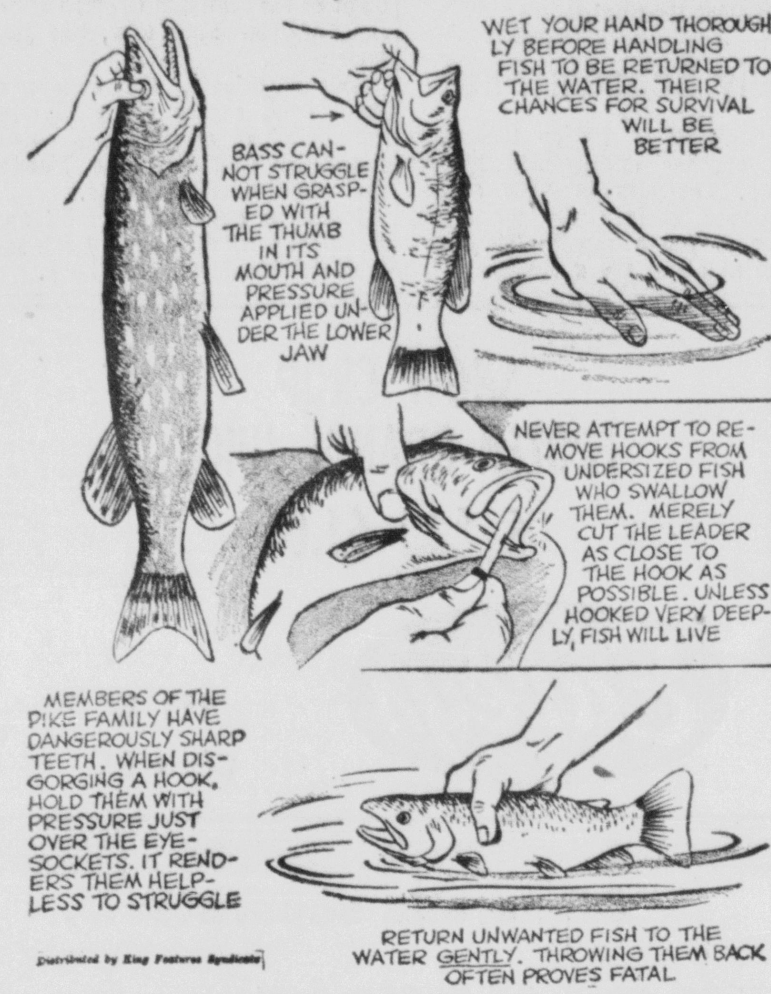

MCCONNELSVILLE (P)—The illness of Common Pleas Judge Carlos Riecker has forced a postponement in the first-degree murder trial of Mrs. Frances Sloan, 28, until Thursday.

Morgan County Sheriff S. A. McConnell said Judge Riecker has a virus infection. The five-day-old trial has been in recess over Memorial Day weekend.

Mrs. Sloan, New Lexington housewife, is charged with the gunshot slaying of her nephew, Kenneth Strohl, 16. Her husband, Raymond, 38, also indicted in the boy's death, will be tried later.

## 12 Ohio Men To Be Cited At FFA Meet

COLUMBUS (P)—Twelve Ohioans, all connected with agriculture or farm service, will receive honorary state farmer degrees Thursday at the Ohio Future Farmers of America meeting.

The Ohio FFA's 27th annual convention will be held at Ohio State University Thursday and Friday.

Also to receive state farmer degrees will be 230 members of the organization. These degrees will be presented Friday. A judging contest is planned for Saturday.

Those to receive the honorary degrees are:

A. F. Davis, chairman of the National Future Farmer Foundation sponsoring committee and secretary of the James F. Lincoln Arc Welding Foundation, Cleveland; J. C. Hiestand, vice president and

secretary, Ohio Farmers Companies, Leroy; Richard Hummel, national chapter contest winner and vocational agriculture teacher at Spencerville High School.

Virgil Marvin, manager, rural division, Toledo Edison Co.; Charles Might, farm director, radio station WMRN, Marion; Carl Nagy, national chapter contest winner and vocational agriculture teacher at Jeromesville High School; Edwin O. Smith, manager, Farm Power Division, Dayton Power & Light Co.; and Bruce Tom, lecturer, Ohio State Grange, Columbus.

Ohio State University faculty members to receive the degrees are Prof. I. P. Blausler, agricultural engineering department; Dr. Ira A. Gould, chairman, dairy technology; John T. Mount, junior dean and secretary of College of Agriculture; and Richard Wilson, agricultural education department.

Bill Skowron, first baseman for the Yankees, bats and throws right handed. But as a football star at Purdue he was a left-footed kicker.

## Hoover Urges New Spending

### 'False Economy' Seen In 2 Federal Fields

WASHINGTON (P)—The Hoover Commission, altering its familiar economy theme, today urged more federal spending, bigger staffs and better pay in research programs, both military and civilian.

The commission in effect scolded Secretary of Welfare Hobby and the Budget Bureau, an arm of the White House, for not

seeking funds to carry out 723 approved research projects at the National Institutes of Health in the coming year.

And the 12-member commission headed by former President Hoover offered proposals for military reorganization which it said might increase the effectiveness of weapons research by 25 per cent in five years.

Even this, it said, "may be too slow to maintain our leadership in weaponry." The commission report continued:

"Pioneering in intercontinental ballistic missiles, the maturing technology of shorter range missiles, the needs for greater effectiveness in continental defense, the opportunities for major improve-

ments in all military electronics . . . for example, combine in presenting the Department of Defense with an increasing volume of research and development opportunities and demands.

"IT WOULD BE false and dangerous economy to hold the research and development appropriations at a level too low to permit a volume of effort essential to effective programs in areas of opportunity for improved weaponry."

As for the backlog of 723 research projects approved for work at the National Institutes of Health the commission voiced concern over this "apparent failure of the executive branch" to appraise

Congress of the \$7,400,000 needed.

The commission "may indicate a tendency to de-emphasize basic and medical research," the report said, whereas actually such research deserves "greater federal support." It said:

"We must make sure of general support to this field which daily demonstrates such potential benefits for mankind."

## Michigan Ups Tax

LANSING, Mich. (P)—A 1½ cent gasoline tax increase went into effect in Michigan today to finance a \$35-million dollar annual highway expansion program. The tax is now 6 cents a gallon.

## Dave Philley Saves Game For Indians

CLEVELAND (P)—Dave Philley, who has trouble getting a starting assignment, scored the winning tally, hit a now-or-never home run and made the key catch last night as Cleveland beat Baltimore, 2-1, in 13 innings.

Philley, who has batted just 32 times, belted his second homer this year with one away in the last of the ninth, sending the game into extra innings. His first round trip was Monday.

With one down in the top of the 13th, the right fielder ran far to his right and made an over-the-shoulder catch of a ball hit by Cal Abrams Billy Cox, who walked and started running with the crack of the bat, was doubled at first, ending that Oriole threat.

Philley got a base on balls after Al Rosen and Dave Pope hit fly outs in the Indian's 13th and made it all the way to the plate on a double by Sam Dente. Barely beating the relay, Philley smacked into Oriole catcher Hal Smith hard jarring the ball loose.

Gene Woodling, the Akron resident and ex-New York Yankee, hit his third home run of the year in the third inning and for a long time the score looked big enough for a Baltimore victory.

Jim Wilson, seeking his fourth pitching victory against five losses, limited the Indians to five hits and allowed only two Clevelanders to get as far as third base until the ninth.

## Soviet Chiefs Making Tour Of Yugoslavia

POSTOJNA, Yugoslavia (P)—The leaders of Russia—Communist party chief Nikita Khrushchev, Premier Nikolai Bulganin and Deputy Premier A. I. Mikoyan—began a two-day tour of northern Yugoslavia today.

Tito did not accompany the Russians but will meet them Thursday in Belgrade.

Borba, Yugoslavia's leading Communist paper, said today some progress clearly had been achieved in talks, which will be concluded Thursday or Friday.

"The talks have been profitable for Yugoslav-Soviet interstate relations and for the efforts to reduce international tension," the paper declared.

Borba said the joint document to be released after the return of the Russian leaders to Belgrade will contain a review of the present international situation with gestures for improving it, the agreed foundations for future Yugoslav-Soviet relations and the outline of "essential elements of a policy of coexistence."

A joint communique issued yesterday said the negotiations were continuing "in an atmosphere of mutual understanding" but gave no details.

The Soviet delegation arrived in Yugoslavia last Thursday to patch up the Soviet bloc's bitter seven-year quarrel with the Yugoslav marshal.

## Ohio Ad Salesman Cops Fashion Prize

ASBURY PARK, N. J. (P)—A 25-year-old Ohio advertising salesman today holds the "Mr. Fashion of 1955" title.

Albert Meyers, an employee of the Gallipolis Daily Tribune, was selected as the best dressed man on this resort's boardwalk yesterday. He was given \$500 worth of clothes.

Meyers is vacationing here with his bride of three months, Linda. The winner of the contest wore a light brown fleck suit, a striped tie, tie, cocoa brown straw hat, leather and mesh shoes, and white button down shirt.

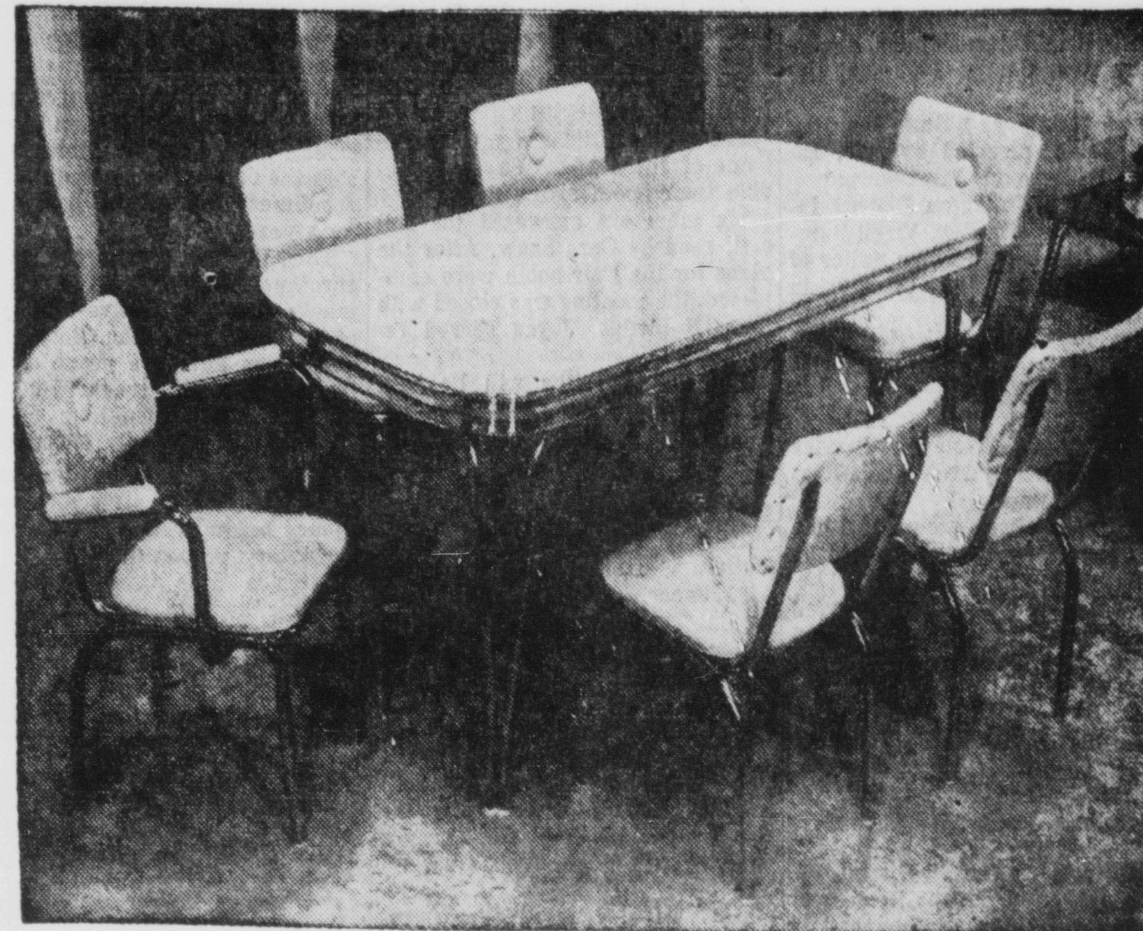

## Capone Pal Dies

MIAMI, Fla. (P)—Louis (Little New York) Campagni, a sidekick of the late Al Capone, died here yesterday of a heart attack.

## Bob Sweikert Gets \$76,138 For '500' Win

INDIANAPOLIS (AP)—Bob Sweikert's victor's share of the Memorial Day auto race prize money was \$76,138—13,358 less than the record total won in 1953 by Bill Vukovich.

"I would gladly give up my first place if Billy were here," Sweikert told the annual awards banquet Tuesday night as he accepted the check.

Vukovich, killed Monday when his car crashed and burned after he had led 50 of the first 56 laps, picked up \$29,250 of his 1953 total in lap awards. Sweikert's lap prize money was \$12,900 this year.

The overall 1955 prize divided was \$270,050, a record. This compared to the previous high of \$269,375 last year.

Picked as " rookie of the year " by a committee of sportswriters attending the awards dinner was Al Herman, Allentown, Pa., who drove an elderly dirt track car to 7th place in the 500-mile race.

Herman was given \$500 and a year's supply of meat from an Indianapolis packing house in addition to his regular earnings.

Tony Bettenhausen, Tinley Park, Ill., second among the finishers, won \$30,088.63, while third place Jimmy Davies of Pacoima, Calif., collected \$16,988.63.

## Golf's 19th Hole

Next Saturday is National Golf Day—the day when the men try to beat Ed Furgol and the women try to beat Babe Zaharias. It costs \$1 to enter the tourney at the Country Club here and, to give everyone a chance, Tony Capuana, the club pro, announced that the event would be spread throughout this week.

In this competition with the champions, the men will use their regular handicaps and the women their full handicaps and those who have no assigned handicaps are to use the Calloway handicap system to get one before the start.

The golfers who beat the champs will be awarded special medals.

The pro had his best score of the season last week when he turned in a card of 33. It showed he had no on all but three holes—No. 4 (par 5) No. 5 (par 3) and No. 9 (par 5). He turned in birdies on each of these.

THIS AND THAT from the pro's notebook:

Bill Allen, Jr., a former member of the club here who is now located in Columbus, golfed at the Country Club during the weekend.

Chuck Cummings golfed in Indiana during the Memorial Day weekend holiday.

Elmer Reed finally persuaded

## Bowling Champions Have Steak Barbecue

Members of Len's Wine Store bowling team that took the championship of the all Star League that rolled every Tuesday night last winter are still talking about the steak barbecue dinner at the home of Merrill Lynch, one of the team.

The dinner was a sort of celebration for the championship with the compliments of Len Loudner, the sponsor and host for the evening.

This is the second year the team rolled in the All Star League but the first time it won the title.

The team also entered the state bowling tournament in Cincinnati and two of its members, Ralph Douglas and Lynch received cash awards for placing in the doubles event with a total of 1227.

On the team, all at the party with the sponsor and host, were Gene McLean, Lynch, Bill McLean, Douglas, Ken Johnson and Harry Thrailkill.

Each member of the team received an individual trophy and the sponsor got a big one.

## Nuxhall Facing John Antonelli

NEW YORK (AP)—Cincinnati Manager Birdie Tebbetts has pinned his hopes on Hamilton's Joe Nuxhall, selected to oppose Johnny Antonelli today when the Reds open a series with the Giants.

Big Joe will have to be at his best as Antonelli holds a seven-game winning streak over the Reds in a two-year-period. He decided them five straight times last year and turned them back twice this season, once in a 16-inning, 2-1 triumph.

Nuxhall, a comfort to Tebbetts in the Reds' unhappy pitching woes will be seeking his fifth triumph as well as trying to snap a three-game losing streak for Cincinnati.

Shortstop Willie Miranda of the Orioles made 11 errors in his first 24 games. No other shortstop had made more than six at the time.

## Recheck Shows Lajoie Is Leader

DAYTONA BEACH, Fla. (AP)—A belated discovery that Napoleon Lajoie hit 422 instead of 405 for the Philadelphia A's in 1901 was greeted calmly by the Hall of Fame second baseman.

Lajoie learned of the error in the batting averages through the New York Times which reported that laborious research has proven Lajoie had 229 hits, nine more than was credited to him, and that his 422 mark is the all-time high in the American League.

"Those hits belong to me," the 80-year-old Frenchman said, "and I'm glad they found them."

## Floridian Held British Favorite

ST. ANNES, Scotland (AP)—Don Bisplinghoff, a 20-year-old from Orlando, Fla., shouldered a lot of American hopes today in a bid to carry away the British amateur golf championship.

With Bill Campbell, American Walker Cup captain ousted yesterday, Bisplinghoff took on the role of title favorite. The young Floridian today faced Ian Caldwell, one of Britain's two winners in the recent Walker Cup matches.

Nineteen Americans remained in the field of 96 golfers eyeing the championship to be decided on Saturday.

## Hamilton County Cops Baseball Titles

COLUMBUS (AP)—Hamilton County has captured top honors in Ohio high school baseball.

Cincinnati Elder's 3-0 victory over Massillon yesterday added the Class A high school title to the Class B championship won last Saturday by another Hamilton County school—Lockland.

Elder's Ron Moeller held Massillon to two hits and struck out 10 to blast Tiger hopes of grabbing the diamond title. The Tigers have won the state football crown the last seven years.

## Lord Byron Due For Golf Comeback

NEW YORK (AP)—Byron Nelson, the Roanoke, Tex., rancher who once was undisputed king of the touring pros, is flirting with a golf comeback at the age of 43.

The U.S. Golf Assn. announced today that Nelson, in virtual re-

irement since 1949, had filed entry in both the United States and British Open championships. The U.S. Open is scheduled June 16-18 at the Olympic Club in San Francisco. The British event is set for July 4-8 at historic St. Andrews, Scotland.

WARDS NEW SUPER-DELUXE  
The Tubeless Tire  
that's got Everything

### LONG MILEAGE FEATURES!

Results of a "Town & Country" Test proved conclusively that Super Deluxe will give the average motorist 7000 extra miles.

### TUBELESS SAFETY FEATURES!

New "relaxed liner" adheres to puncture objects—converts blow-outs to slow-outs. Wide, center-rib cushions impacts.

### NON-SKID TRACTION FEATURES!

Thanks to sharp edges of the new zig-zag tread and the deep cross-cuts, road moisture is wiped away for quicker, safer stops.

### QUIET, SMOOTH-RIDING FEATURES!

New variable pitch tread reduces road noises—new outer ribs flex with each turn to prevent squealing. And good-looking too!

### LOW PRICE FEATURES!

Costs no more than a conventional tire and tube. Buy now at Wards low list prices and get a liberal trade-in for old tires.

GUARANTEED TO GIVE SATISFACTORY SERVICE—  
WITHOUT LIMIT AS TO TIME OR MILEAGE

LOCATED—924 East Market Street, Washington C. H., Ohio

A good substantial 2-story brick house in excellent condition and in good location. Has 4 large rooms down and two up with full bath. Modern kitchen with inlaid linoleum, cabinet sink, and wall cabinets, automatic gas heat, partial basement, automatic gas hot water heater, some of windows have storm windows and screens and venetian blinds on front windows. New front porch with concrete floors and aluminum awning. Recently redecorated inside and newly painted on outside, good composition roof. At the present time the upstairs is being used as a two-room apartment. Here is an ideal investment property and also, a nice family home. Has a small barn on back of lot with access to alley and has a lot of nice shade. Owner is moving to another state. Sells on the premises to the highest bidder.

INSPECTION—Permitted Saturday, June 4 and 11 from 2:00 to 4:00 P. M. and Wednesday, evening, June 15 from 6:00 to 7:00 P. M. or by appointment.

TERMS—\$1,500.00 cash at time of sale and balance on delivery of deed. Possession given on July 18, 1955.

Tips on Transplanting Tomatoes

By DEAN HALLIDAY

Distributed by Central Press Association

AS result of weather conditions, flat-grown tomato plants often become overly tall and leggy before they can be transplanted into the home vegetable garden.

The solution is to plant such leggy seedlings in a trough-shaped hole, three or four inches deep, as shown in the accompanying Garden-Graph.

Lay the lower portion of the stem, as well as the roots, in the trough with the top portion turned upward and tied to a stake, as illustrated. Cover the roots and bare lower stem, and additional roots will develop all along the buried stem.

The trough-like hole is better for such tall plants than a vertical one deep enough to get the plant down in the ground. The latter type of hole puts the roots

down so deep that they are likely to suffer from lack of air and consequently grow slowly.

When stem and roots are buried no more than four inches, the soil aeration at that depth is usually sufficient for rapid root development. Make a point of laying the stem and roots in the direction of the row so that when cultivating the plants the roots will not be injured or broken.

To help seedling tomato plants recover from the shock of transplanting, give them a feeding of liquid fertilizer, as shown in the Garden-Graph. You can mix the feeding yourself. Use a complete, balanced plant food. Follow directions given on the package. Pour the solution over the roots of each plant before covering them to soil surface.

## Bloomington Alumni Meet

200 Attend First Reunion Since 1946

More than 200 alumni of Bloomington High School today are again scattered across the land after returning for a homecoming celebration over the Memorial Day week end.

Members of classes spanning more than 50 years were present at the three-day affair, the first Bloomington High reunion since 1946.

The oldest graduate at the meeting was Mrs. Maude Howland, a member of the Class of 1903. Twelve members of the Class of 1955 were also on hand to be introduced by Supt. G. H. Biddle.

A new slate of officers of the alumni association was selected, with Harry Craig to serve as president through the coming year.

Other officers on the slate are Robert Jefferson, vice-president; Mrs. Joseph Elliott, secretary; Mrs. Lawrence Hoppes, assistant secretary and Mrs. Delbert Looker, treasurer. Head of the nominating committee submitting the slate was Howard Foster.

**THE OUTGOING** president, Dr. Emory Willard, served as toastmaster for a short program, presented after the banquet at the Country Club which opened the reunion Saturday night.

Rev. Lester Taylor opened the program with the invocation and William Craig led a memorial service for deceased members of the alumni association. The members of the Class of '55 were welcomed into the association by Mrs. Harry Craig, Mrs. Gordon Lynch led group singing, with Mrs. Joseph Elliott at the piano. Dr. Paul Elliott pronounced the benediction.

At the close of the program and the business meeting, the members and their guests danced to music by Brownie's Orchestra of Sedalia. Members of committees in charge of the banquet were Mrs. Gordon Lynch and Miss Florence Purcell, registration; Mrs. Ronald Thompson, Mrs. Dan Thompson, Mrs. Harold McConaughy, Mrs. Dean Cory, decoration; Bill Purcell, program; menu, Mrs. Paul Pope; M. G. Morris, hospitality; Mrs. Edgar McFadden, Mrs. Floyd Henkleman, Mrs. Forrest Stephenson, Miss Pat Noble and Mrs. Homer Emery, hospitality; and Dan Thompson and Harry Craig, music.

Many members of the alumni association also attended joint services of the Bloomington Methodist and Presbyterian churches. On Memorial Day, they attended the special services held at the Bloomington Cemetery.

## Rural Life Service Is Held by Grange

A program with a religious theme and a sermon by Rev. Eugene Frazer, pastor of the Good Hope Methodist parish, marked the Rural Life observance this year by Forest Shade Grange in the Grange Hall at New Martinsburg.

It started with a covered dish supper at tables decorated with a red, white and blue color scheme. Huge bouquets of flowers were on the tables and throughout the hall. The decorations were in charge of Mrs. Charles Seig and Mr. and Mrs. Ben Waln.

The program, arranged and conducted by Mrs. Eldon Bethards, the lecturer, included: Piano solo by Mrs. Lawrence Black; the origin of Rural Life Sunday and a prayer by Mrs. Bethards; a vocal solo, "My God and I," by Mrs. Eldon Marshall; vocal solo, "Jesus Loves Me," Rebecca McCoppin; guitar and vocal duet, "Whispering Hope" and "Mansion on a Hilltop," by Joyce Ann Ritter and Melanye Handley; memorial service by the chaplain, Mrs. Edward Lee Carson; the rural life message by Rev. Frazer; guitar and vocal trio, "Take My Hand Precious Lord," by Joyce Ann Ritter, Malanye Handley and Janet Rose Ritter and the benediction by Rev. Frazer.

Included in the memorial service by Mrs. Carson were poems; Scripture reading; the song, "Abide with Me;" prayer and a piano solo, "Beyond the Sunset," by Carolyn Rose Carson. The altar also was decorated with roses by Ruth Ann Carson in memory of John N. Hoppes and George Ritter, who died last year.

Hosts and hostesses for the evening were Mr. and Mrs. Elba Carson, Mr. and Mrs. Willard Williamson and Mr. and Mrs. Willis Handley.

## Services Thursday For Mrs. Slaughter

Funeral services for Mrs. Glanara Slaughter, who died at her home in Springfield Monday, will be held Thursday at 2 P. M. at the residence, East High Street, Springfield, and interment made in the Whitman Cemetery, northwest of Bookwalter.

Mrs. Slaughter was well known in the northern part of Fayette County.

## Courts

**CASES DISMISSED**  
The divorce actions of Dorothy Walters against Donald Walters and Stephen D. Sterling against Rolande Sterling have been dismissed upon application of the plaintiffs.

**WEAVER CASE UP NOON**  
The case of John Weaver against the City of Washington, in which the plaintiff seeks \$5,000 damages alleged to have resulted to his farm along Paint Creek by the pollution of the stream by the city, has been set for hearing before Judge John P. Case and a jury, June 21.

The plaintiff is represented by Richard R. Rankin and the city by Solicitor William Junk.

**NO ADMINISTRATION**  
The Ed Hanna estate has been relieved from administration.

**CLAIM NOT ALLOWED**  
A claim filed in the Minnie Divens estate by Roscoe W. Divens, was not allowed by the probate court, and distribution of proceeds from the land sale, amounting to \$1,600, was ordered.

**CLAIM ALLOWED**  
In the Ada Lee Klever estate, claim of the Division of Aid to the Aged amounting to \$5,360.34 was held to be a valid lien against the estate, and the executrix was authorized to sell property at not less than the appraised value of \$10,000.

**BROTHERS ACCUSED**  
LONDON—James Underwood, 22 and Robert Underwood, 40, of near Mechanicsburg, are being held in jail on charges of stealing chickens from their brother, Thomas Underwood, of Lafayette.

**NEW PATROLMAN**  
GREENFIELD—William Wise-cup, 27, has been named to the police force to succeed Frank M. Haas, resigned.

## Weighmaster Plan Set Here

C of C Adopts Plan To End Bickering

The Chamber of Commerce here has undertaken a program which it hopes will put a little more money in the pockets of Fayette County's farmers.

It is called the "chief weighmaster" program and it is designed to close the weight gap between the grain shippers and the terminal elevators.

Glen Allen, the Chamber manager, explained that an agreement had been reached with the Farm Bureau Co-op and Eshelman Feed Co. for the supervision of shipments of all small grains (wheat, corn, soybeans etc.) from their elevators.

Records, he said, would be kept in the Chamber office for inspection by representatives of the American Association of Railroads and the Eastern Inspection Bureau. Allen said this was the first Chamber of Commerce of this size in the state to undertake the "chief weighmaster" program although it is in operation in many cities and towns further west in the grain-producing prairie states.

Allen, himself, is to be the chief weighmaster, although several others will be deputized and bonded at \$2,000 a car to handle the daily detailed routine.

**UNDER THE** "chief weighmaster" program, all grain shipped either in or out of here will be under the supervision of bonded "weighmaster."

The program was devised, Allen explained, to put an end to the bickering over the weight of a carload of grain.

In the past, he said, weights reported at the terminal elevators frequently were considerably less than the weights given by the shipper and claims filed by the shipper for the difference were usually settled for a percentage of the difference rather than battle it through the courts.

The "weighmaster" program, Allen said, was designed to get the claims paid in full.

## Layette Shower Honors Mrs. McKee

A layette shower for Mrs. Dale McKee was given by her mother, Mrs. Maud Burns, at her home in Jeffersonville, she was assisted by her other daughters.

Yellow mums and spring flowers were used as decorations and the gifts were arranged in a bassinet with a stork in the center. The honor guest was assisted in the opening of the gifts by Connie Gale Burns and Shirley Tyree.

Games were enjoyed and prizes were awarded to Mrs. Lillian Upthegrove, Mrs. Betty Davis and Shirley Tyree.

Later refreshments consisting of individual cakes in the form of a diaper topped with pink and blue safety pins, and ice cream molds featuring storks were served by the hostesses assisted by Miss Jeannie Harris and Miss Kay Byrd.

Guests included were: Miss Jeannie Harris, Mrs. Barbara Baker, Mrs. Maggie Burns, Mrs. Arabelle Brown, Mrs. May Baker, Mrs. Lillian Upthegrove, Mrs. Eleanor Burns, Effie Marchant, Misses Kay Byrd and Shirley Tyree all of Jeffersonville, Mrs. Betty Nooks of Xenia, and Mrs. Joella Scott of Wilmington.

In the same period that 33,417 Americans were killed in the Korean War, 650,000 Americans died of cancer.

## Good Will Grangers Plan Future Events

Members of the Madison Good Will Grange have a full calendar.

Master Charles Cook announced upcoming Grange events for them and for the other Grangers of the county at the meeting held Tuesday evening in Grange Hall.

One of the most important dates is the exemplification of the sixth degree, to be held at the New Vienna School in Highland County on July 20. Tickets are available from the county deputy, Herbert Perrill, or at the door before the meeting, which is slated to start at 8:30 P. M.

Another important date is the Pomona meeting on June 9. The Madison Grange will serve refreshments at the meeting. In charge will be a committee made up of Mrs. Roscoe Whiteside, Mrs. Homer Wilson and Mrs. Charles Cook.

After a long discussion, the members decided not to put up a booth at the Fair this year.

The program opened with a solo by Sierra Smith, "Are You Mine?" Nancy Kneisley read "From Sky to Earth" and Leland Dorn read "Freedom" and "Memorial Day Thoughts." Mary Recob sang "Today Is Mine." Judy Kneisley read a poem, "Tabby."

At the close of the program, the Grangers all joined in a half hour songfest.

The refreshment committee at the next meeting, June 29, will include Mr. and Mrs. Homer Wilson, Mr. and Mrs. Fred Pope, Mr. and Mrs. A. E. Dawson and Mr. and Mrs. Freddie Lebeau.

## Segregation Decision

(Continued from Page One)

Heard that the ruling would go unheeded in the Deep South. "After all," said J. A. Crumlin, president of the NAACP in Kentucky, "federal judges down there are Southerners too."

Sen. Albert Boutwell, chairman of Alabama's Interim Legislative Committee on Segregation in Public Schools, said the Supreme Court order "appears to admit" that local conditions must be taken into consideration.

State Sen. W. M. Rainach of Louisiana commented that the ruling "gives us room to continue our fight." Louisiana has adopted a constitutional amendment authorizing use of the state's police power to enforce segregation.

In Mississippi, State Democratic Chairman Tom Tubb called the ruling "a very definite victory for the South."

The first locomotive to be used on a prepared track operated in England in 1801.

## Battery Thief Soon Arrested

Police Tuesday arrested Robert Potter, 20, city, and recovered five batteries which police said he admitted stealing from tractors in the H. H. Denton farm machinery yards on Columbus Avenue over the week end.

His arrest followed some quick work on the part of the police,

who found the batteries at the Washington Wrecking Yards on Columbus Avenue, where Potter had disposed of them, only three blocks from where they were stolen.

A charge of grand larceny was filed against Potter and he was to be arraigned in municipal Court Wednesday to plead to the charge.

Police said Potter had been in trouble before.
